

# For Future Students

The Office of New Student Programs serves future students ([kwantlen.ca/futurestudents](http://kwantlen.ca/futurestudents)) interested in attending Kwantlen. Representatives from this area are the first point of contact to provide information and advice to future students, parents, counselors and teachers about Kwantlen programs, services, admission requirements, and more. Staff from this office delivers a wide variety of student recruitment services and activities including these listed below.

- **High School Visits and Education Fairs** - Each year we visit secondary schools and attend education fairs nationally and internationally to inform future students about Kwantlen's programs, services, admission requirements, and more.
- **Drop-in Advising** – Future students can drop-in and meet with one of our knowledgeable Recruitment Coordinators who will answer questions and provide tips and advice to make the application process to Kwantlen smooth and successful.
- **Online Advising** - Unable to attend a drop-in advising session? Don't worry, we have it covered. Simply click the "Live Chat" icon located on our website and start asking questions using our convenient online advising tool.
- **Phone Advising** - We understand that our scheduled drop-in sessions might not fit in with your plans, so we also offer telephone advising appointments. Simply fill out our online form and we'll contact you by email to confirm your appointment.
- **Campus Tours** (Individuals & Groups) - Attending a campus tour is a great way to learn more about Kwantlen. You'll learn about our programs, the student resources and services we offer, meet students and faculty, tour our facilities, visit labs, and find out why thousands of students are choosing Kwantlen for their university education.
- **Coming Events** - Kwantlen offers a variety of coming events throughout the year for future students from program information sessions to course planning workshops and others. We also offer a large open house ([kwantlen.ca/openhouse](http://kwantlen.ca/openhouse)) event once each year.
- **Connect with Kwantlen** – Not ready to apply but want to stay connected with Kwantlen? Subscribe to our future students e-newsletter to receive news and updates on campus tours, events, new programs, campus life and more.
- **Engage in our Social Communities** - Send us a Tweet ([twitter.com/KPUNewStudents](https://twitter.com/KPUNewStudents)) or reach us on Facebook ([facebook.com/kpunewstudent#](https://facebook.com/kpunewstudent#)) from your smartphone, laptop or home computer.
