DESCRIPTION

The Bachelor of Arts, Major or Minor in English programs focus on the diverse literatures of the English-speaking world, including the full range of British, Canadian, and American literary traditions, diasporic literature and literature in translation, oral and written Aboriginal narratives, and classic and contemporary film. These degrees will allow students to develop the knowledge, core competencies, and skills characteristic of a traditional Bachelor of Arts program, while preparing them to respond critically and creatively to a wide range of issues and challenges in our community and in society in general. In addition to critical reading, writing and thinking skills, students who complete a Bachelor of Arts in English will be prepared for entry into the labour market through the incorporation of essential employability skills into all of our courses. They will also benefit from the expertise and the commitment to teaching excellence of our faculty, as well as from the small class sizes that characterize undergraduate study at Kwantlen Polytechnic University. Arts degrees have high levels of student satisfaction, and the literacy and analytical skills developed in such programs will prepare students to become constructive members of society and to fit well into the workplace.

CAREER OPPORTUNITIES

Graduates with a Bachelor of Arts in English from Kwantlen Polytechnic University will have acquired a combination of discipline-based knowledge, core competencies and transferable skills that are not confined to a single career path but rather will allow them to pursue a wide range of personal and professional goals, ranging from education, journalism and advertising to social work, creative writing and communications. In addition, they will be well prepared for post-graduate studies in English, Law, Library Science, Human Resources, and Public Relations, to name only a few of the fields that graduates of English programs have traditionally entered.
