DESCRIPTION

The Associate Degree is designed to provide an educational experience that prepares students for work, citizenship and an enriched life as an educated person, and to lay a solid foundation for further study in the field of Economics.

This program of study is recommended for students interested in pursuing a career in economics or finance and is designed to provide the foundations required for upper level courses.

PROGRAM ADMISSION REQUIREMENTS

General university admission requirements apply to this program including the undergraduate-level English Proficiency Requirement.

Note: Since both economics and finance require a fair amount of mathematical ability, there is a calculus recommendation. For students wishing to complete the program without having to undertake any preparatory courses or additional courses it is recommended students have credit for Principles of Math 12, or equivalent, with a minimum grade of C+ or better, to satisfy Math pre-requisites.
