Intake Type	Apprenticeship
Instructional Cycle	Fixed-term
Program Type	Vocational
Credential Granted	No Credential
Offered At	Cloverdale
Format	Full-time
How to Register	www.kpu.ca/apprentice

DESCRIPTION

Get the skills that pay the bills!

In BC, an individual can become certified Logistics or Distribution Technician by completing the Logistics & Distribution apprentice program. Apprenticeship programs are designed to provide students the full scope of knowledge and applied skills necessary to perform the occupation. Apprentices have an employer to sponsor them and are registered with the Industry Training Authority (ITA).

Logistics and Distribution involves the investigation of complaints regarding supply chain issues, the administration and maintenance of a customer complaints program, and the coordination of a customer feedback program. KPU delivers in-school technical training; apprentices complete Parts & Warehousing level 1 followed by Logistics & Distribution apprenticeship levels 2 and 3. The in-school technical training for each level is 3 weeks in duration. Upon each level completion apprentices with sufficient work-based training hours will be eligible to write the Certificate of Qualification (CoQ) exam; please note that this is not a Red Seal program.

Additional information is available at http://www.kpu.ca/trades/automotive_warehousing.html and on Parts and Warehousing Apprenticeship.

Training Schedules

KPU apprentice training schedules and waitlists are published on Kwantlen Course Search. Additional apprenticeship training opportunities are listed on Trades Training BC; this is the hub for BC's Public Trades Training Programs & Services.

Financial Supports for Apprentices

Apprentices may be eligible for financial support for the in-class portion of their training through the EPBC Apprentice Program Financial Supports. Application to this program must be made four to six weeks prior to the start of technical training. Information is available through WorkBC.

Apprentices must apply separately for Employment Insurance (EI) Benefits no later than the last week of work, or during the first week of training, or they will not be eligible to receive EPBC

Apprentice Program Financial Supports. EI information can be obtained by visiting Service Canada.

The Canada Apprentice Loan is an initiative of the Government of Canada. As of January 2015, apprentices can apply for up to \$4,000 in interest-free loans per period of in-school technical training. Information is available at the Canada Apprentice Loan Service Centre.

GENERAL PREREQUISITES

The following requirements apply:

- Completed KPU Apprentice Registration
- Active apprentice registration in the BC Apprenticeship system.
- Valid Trade Worker Identification number from the Industry Training Authority (ITA-ID). If you do not have an ITA-ID, you will need to complete an apprenticeship registration form through the ITA (www.itabc.ca) prior to enrolling (Level 1 through to 4). To determine your eligibility please consult with the Industry Training Authority.

Note: International student enrolment requires approval of the Dean.

CURRICULAR REQUIREMENTS

Students complete either the Parts and Warehousing foundation program or the Level 1 Partsperson (via employer sponsorship) in order to proceed to Logistics and Distribution levels 2 and 3 or Partsperson levels 2 and 3.

Note: KPU Tech does not permit students to register in Apprenticeship Levels out of sequence.

Partsperson Level 1 (APRT 1010)

- Overview of Warehouse Operations
- Communications and Comprehensive Skills
- Warehouse Safety Skills
- Basic Materials Handling Operations and Procedures
- Materials Handling and Packaging Equipment
- Information Technology in Warehousing

Logistics and Distribution Level 2 (ALOD 1020)

- Transportation and Traffic
- Intermediate Materials Handling Operations and Procedures
- Materials Identification
- Customer Services
- Warehouse Business Operations Measurements
- Communication and Professionalism

Logistics and Distribution Level 3 (ALOD 1030)

- Fundamentals of Warehouse Business Management
- Fundamentals of Purchasing Procedures
- Fundamentals of Inventory Control Procedures
- Fundamentals of Quality Management
- Fundamentals of Workplace Supervisory Skills

OTHER INFORMATION

Special Equipment

Students will require appropriate safety wear in conformance with WorkSafeBC regulations. A list of required tools will be provided by Admissions prior to starting this program.

CREDENTIAL AWARDED

KPU will report your in-school technical training completion information to the Industry Training Authority (ITA) in order for the ITA to determine credit towards your designated apprenticeship.
