

Special Education Teacher Assistant

The Education Assistant (EA) supports students with a variety of needs from Kindergarten through Grade 12. The work of EAs is increasingly complex and requires flexibility and the ability to think on one's feet, but above all, it is extremely rewarding. The duties of an EA include a broad range of tasks and skills which are varied according to the particular circumstances they are working in. An EA provides personal care, provides behaviour and learning support, facilitates inclusion, facilitates communication skills, and teaches and facilitates social interaction.

Our graduates make a difference in the lives of children, in the lives of families, and in the creation of healthy communities.
