

# Human Resources Management

The Human Resources Management (HRMT) programs provide full-time and part-time intensive study for students wishing to undertake studies in the human resources management field.

Based on extensive consultations with business leaders, and explicit reference to the Required Professional Capabilities of the Certified Human Resources Practitioner (CHRP) designations, Human Resources Management course content is designed to prepare students to achieve the CHRP designation and for a range of Human Resources Professional roles.

The **Bachelor of Business Administration (BBA) in Human Resources Management** program provides full-time and part-time intensive study for students wishing to undertake studies in the human resources management field.

The **Post Baccalaureate Diploma in Human Resources Management** program is designed for adult learners who have completed a bachelor-level degree, and who are looking for a pathway to professional employment in the human resources management profession.

Graduates of the programs acquire the following:

- Critical thinking and problem-solving skills by assessing and interpreting source materials, evaluating arguments, examining and applying both case-based and real-world business based projects, as consulting teams in the development of business and human resources management solutions
- Skills to manage communication initiatives to create and implement human resources initiatives and programs that achieve organizational goals
- Professional and persuasive communications skills
- An understanding of the entire organization, and the important role of corporate citizenship
- Collaboration skills with all functional areas of an organization (accounting, human resources, operations, production, marketing, information technology, etc.)
- Skills necessary to work effectively in teams, assuming roles of leader and follower, as appropriate

Some unique features of this program include:

- Direct incorporation of Intended Learning Outcomes based on the Certified Human Resources Professional Requirements and industry feedback
- Industry based practicum capstone course, learning partnerships with business, applied projects and assignments and ongoing work experience
- Professional development for individuals seeking higher level training
- Opportunities for Cooperative Education employment while earning a degree

The HRMT programs provide full-time and part-time intensive study options for students to complete the program at their own pace. The majority of the HRMT designated courses are scheduled at 4:00 pm or in the evening to allow students to further their education while maintaining current employment. This allows for changing outside-of-school time requirements and does not lock a student into a rigid program structure and time-frame.

Many of the 1000 and 2000 level foundational courses included in the BBA HRMT program are articulated with other

universities and colleges for ease of course transferability to and from KPU. Please refer to the BC Transfer Guide at <http://www.bctransferguide.ca> regarding the transferability of courses to and from specific institutions in British Columbia.

**Please visit [kpu.ca/business/programs-and-courses](http://kpu.ca/business/programs-and-courses) for more information on School of Business programs.**

## IN THIS SECTION

- Home: Human Resources Management
- Bachelor of Business Administration
- Post Baccalaureate Diploma

## STUDENT PROFILE

- High school graduates who wish to pursue a human resources career
