Start Date(s)	September January
Intake Type	Limited intake
Instructional Cycle	Semester-based
Program Type	Undergraduate
Credential Granted	Certificate
Offered At	Langley
Format	Full-time
How to Apply	www.kpu.ca/admission

## DESCRIPTION

This unique program prepares internationally educated nurses (IENs) for professional nursing practice in Canada. This program is designed for IENs who may wish, or are required by the College of Registered Nurses of British Columbia (CRNBC) to renew and enhance nursing knowledge and skills, in preparation for nursing practice and licensure in Canada.

This program is designed to:

- Prepare IENs to practice within the Canadian health care setting
- Renew and enhance previously acquired knowledge and skills
- Identify and address individual needs
- Ensure graduates meet the professional practice requirements
- Enable effective communication skills with patients and colleagues

**Note:** Clinical placements take place at any of the Lower Mainland hospitals between North Vancouver and Chilliwack. Students are responsible for their own transportation to clinical experiences.

## CAREER OPPORTUNITIES

Upon successful completion of the program and the National Council Licensure Examination (NCLEX), graduates will be eligible to apply to practice as a registered nurse in British Columbia.

## ADMISSION REQUIREMENTS

In addition to the Faculty's Admission Requirements, which consist of KPU's undergraduate English Proficiency Requirement, the following program admission requirements apply:

- A letter of assessment from the College of Registered Nurses of British Columbia (CRNBC) stating eligibility for registration upon successful completion of a graduate nurse re-entry program and a Substantially Equivalent Competence (SEC) Assessment Summary.

Once students have received a conditional offer of admission and before final admission to program is granted, students must submit the following:

- Proof of Canadian CPR Level C certificate; CPR certification must remain current throughout the program.
- A Canadian TB skin test or chest x-ray dated within 2 years of registering into the program.
- A criminal record review issued by the BC Ministry of Justice, Criminal Records Review Program. A criminal records review is required by the College of Registered Nurses of British Columbia prior to registration as a nurse and is pre-practice requirement of some of the clinical agencies used during the program. Related costs are the responsibility of the individual student. The College of Registered Nurses of British Columbia may refuse to register any person who has been convicted of an indictable offence.
- If you are not a Canadian citizen, you are required to secure a Criminal Record Search with the Vulnerable Sector from your country of origin

**Notes:** Some agencies may require students to take an Oath of Confidentiality.

Immunization records are not required until placement in a clinical or practice course, and prior to registration. This will be enforced by the appropriate department prior to the time of registration.

Some practice experience agencies may require proof of current immunizations. If any practice experience agencies require proof of current immunizations, students are responsible for all costs related to immunization. Failure to have acceptable documentation at the time of placement may jeopardize completion of the program.

*Please be advised that applications to this program will only be accepted from Canadian citizens and permanent residents / landed immigrants of Canada.*

## CURRICULAR REQUIREMENTS

The Graduate Nurse, Internationally Educated Re-entry Certificate program consists of 47 credits organized into three semesters.

A student must achieve a minimum grade of C in a theory course and mastery in a clinical course in order to progress to a subsequent course and to receive the program certificate. The clinical experience evaluation includes judgments about interpersonal skills, professional behaviour, and clinical knowledge and skills based on the CRNBC scope of practice standards. If a student is not successful in one course withdrawal from co-requisite courses is mandatory.

### Semester 1

#### All of:

GNIE 1102	Relational Engagement in Nursing Practice	3 credits
GNIE 1104	Pharmacology for Nurses	2 credits
GNIE 1117	Professional Nursing Practice 1	9 credits
