

Strategic Plan

At KPU, we offer all learners opportunities to achieve success. Our vision is to be Canada's leading polytechnic university with open and creative learning environments; relevant scholarship and research; authentic internal and external relationships; learners engaged in campus life and the local community; and inspiring educators.

VISION 2018 is our first strategic plan as a polytechnic university. This plan outlines the goals and strategies we have set in three key areas: quality, reputation, and relevance. We are committed to bettering the student experience and ensuring we provide an education that prepares our students for global citizenship and rewarding careers. Our reputation is continuously advancing through achievements in teaching, learning, and scholarship, and we are maintaining ongoing relevance through community engagement and experiential learning.
