

Alumni

The Kwantlen Polytechnic University Alumni Association (KPUAA) is an extension of KPU's commitment to your personal and professional success. Comprised of over 46,000 highly skilled and diversely educated KPU alumni, KPUAA provides an additional collection of tools and benefits to support our graduates throughout their lifetime.

The word "alumni" refers to anyone who is granted a degree, honorary degree, diploma, certificate or citation by Kwantlen College, Kwantlen University College or Kwantlen Polytechnic University. There is no charge for membership in the KPUAA and upon graduation, students automatically become members.

KPU alumni have access to a variety of "Tools for Success" benefits including: career services, KPU's electronic job posting system, a complimentary listing in the online alumni professional directory, a mentorship program, library services, recreation opportunities, meeting room discounts, discounted commercial printing services, bookstore discounts and a growing list of external programs and offerings.

The KPUAA website (kpu.ca/alumni) helps our grads stay in touch with KPU while keeping them updated on events and services designed specifically for them. The monthly InTouch alumni e-newsletter provides useful information for career and personal development while keeping alumni abreast of KPUAA's latest activities. The publication features alumni success stories, updates from our grads, and event and benefits information.
