Adult Upgrading offers students recognition of their achievement as they advance their literacy and numeracy skills. Most courses are given in a continuous-entry, individually paced format, and are available year-round. Courses in the Certificates of Completion are part of the BC Adult Upgrading Transfer program and may be taken at other post-secondary institutions and transferred to KPU.

The **Fundamental Certificate of Completion** recognizes a student's readiness to advance to the next level of high school completion and mastery of the fundamentals of reading, writing, and mathematics. Students will benefit from the fundamental level if they have difficulty with basic reading, writing, and math.

The **Intermediate Certificate of Completion** recognizes the equivalent completion of Grade 10. Students are well on their way to completing high school graduation, for direct entry into many trades and vocational programs, and for the GED. *The courses within this certificate are currently under review.*

The **Advanced Certificate of Completion** recognizes the equivalent completion of Grade 11. Upon completion, many students will be ready to challenge undergraduate course-work, and are ready to work towards BC Adult Graduation Diploma (Adult Dogwood). Completion of Advanced English will normally allow a student to succeed in the LPI test. *The courses within this certificate are currently under review.*

ADMISSION REQUIREMENTS

The following program admission requirements apply:
