DESCRIPTION

Graduates work with Kindergarten through Grade 12 students and assist teachers in providing personal care and behavioural and learning support to a variety of students in public and independent schools.

There is a high demand for Education Assistants and they are employed by every school district throughout the province. The graduates work in a variety of settings, including regular classrooms, resource rooms, work experience sites, and in life-skills activities.

To integrate the knowledge and skills learned in the program, all students complete two four-week, full-time practicums in the schools over the course of their studies, one in an elementary school and one in a secondary school. During this time, a student will observe, assist, and work with children and adolescents with diverse needs under the guidance and supervision of professional staff. This certificate ladders into BA programs at KPU. Contact Arts Degree Advising for details.

ADMISSION REQUIREMENTS

In addition to the Faculty's Admission Requirements, which consist of KPU's undergraduate English Proficiency Requirement, the following program admission requirements apply:

- Approximately 100 hours of successful experience volunteering or working with children or youth, preferably in the schools. (Applicants must submit two letters from employers or responsible persons in the community, indicating the hours of experience completed.)
- Attendance at an information session (for further information, see kpu.ca/arts/edas)
- Criminal Record review issued by the BC Ministry of Public Safety and Solicitor General. To be requested once an offer of admission has been made.

If you are not a Canadian citizen, you are required to secure a Criminal Record Search with the Vulnerable Sector from your country of origin. Note that your Criminal Record Search must be mailed directly from the issuing agency to the KPU Admissions Office.
