

Are you a recent high school graduate looking to explore career options before choosing an area of study?

Many young women are unsure of their future and have thoughts like these:

- I want change. I need something different.
- I want meaningful work.
- I need a vision for my life.
- I need confidence. I need help breaking the fear.
- I want plans in place. I want to know where I am going.
- I need money.
- I want an education.
- I want job stability.

The CCLS program might be just the illumination you need.

CCLS is a one-semester program with start dates in the Fall (September) and Spring (January) semesters at the Langley campus.

Daytime classes are held Tuesdays, Thursdays and Fridays from 9:30am to 2:30pm. Out of class research, data gathering and information interviews are held on Mondays and Wednesdays and the hours are flexible.

There are multiple opportunities for work placements, job shadowing and participation in other practical activities during three 2-week practicum periods.
