KPU International

Did you know? KPU is in the
AMAZON
RAINFOREST

KPU has a unique partnership with CALANOA AMAZONAS, an NGO and private natural reserve located on the shore of the Amazon River at the southern tip of Colombia.

CALANOA is a place of encounters, a permanent forum for art, design, and science, through residencies, workshops, and international meetings.

In addition to a field school, the partnership offers possibilities for research as well as an Artist-in-Residence program. This exceptional opportunity is open to everyone at KPU.
