

## HOUSING NEEDS MET<sup>1</sup>

## INTEREST IN A STUDENT RESIDENCE<sup>2</sup>

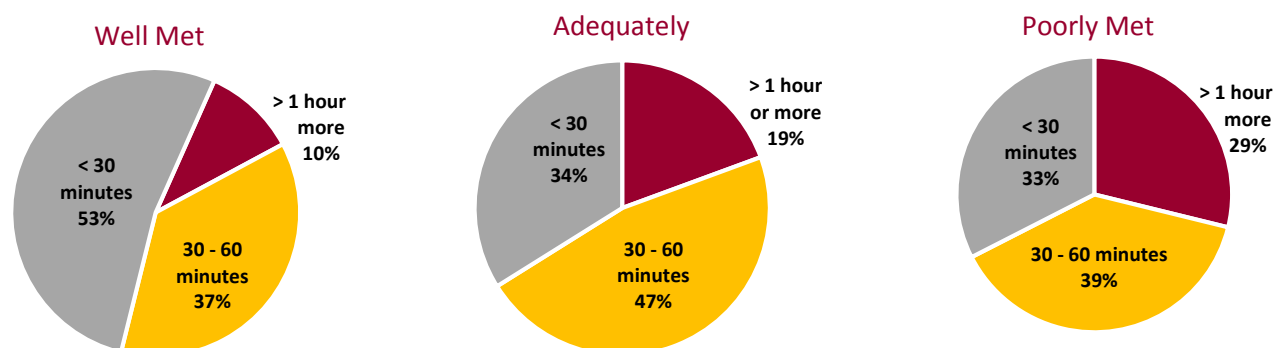

## HOUSING NEEDS MET AND INTEREST IN A STUDENT RESIDENCE

## HOUSING NEEDS IN RELATION TO COMMUTE TIME

Students whose housing needs are well met tend to have shorter commutes.

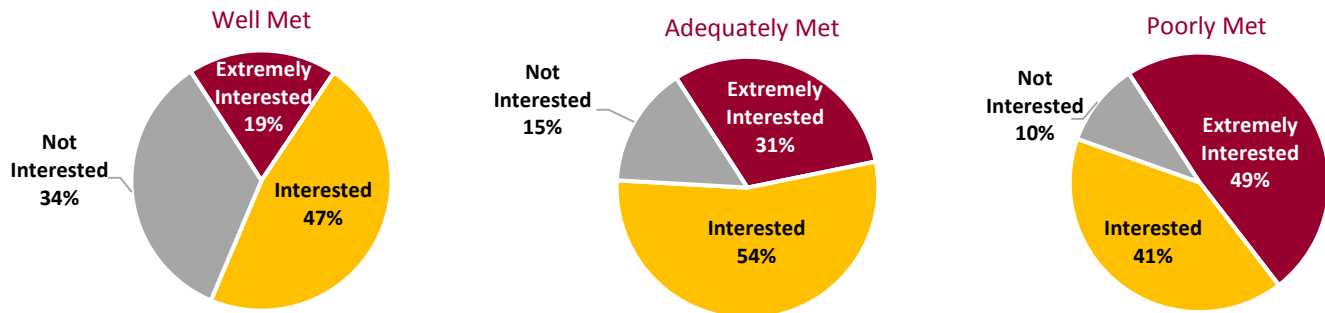

<sup>1</sup> Frequency of responses to the question: "Overall, how adequately does your current housing meet your needs?"

<sup>2</sup> Frequency of responses to the question: "If a KPU on-campus student residence had been available when you were planning to come to KPU, would you have been interested in living there?"

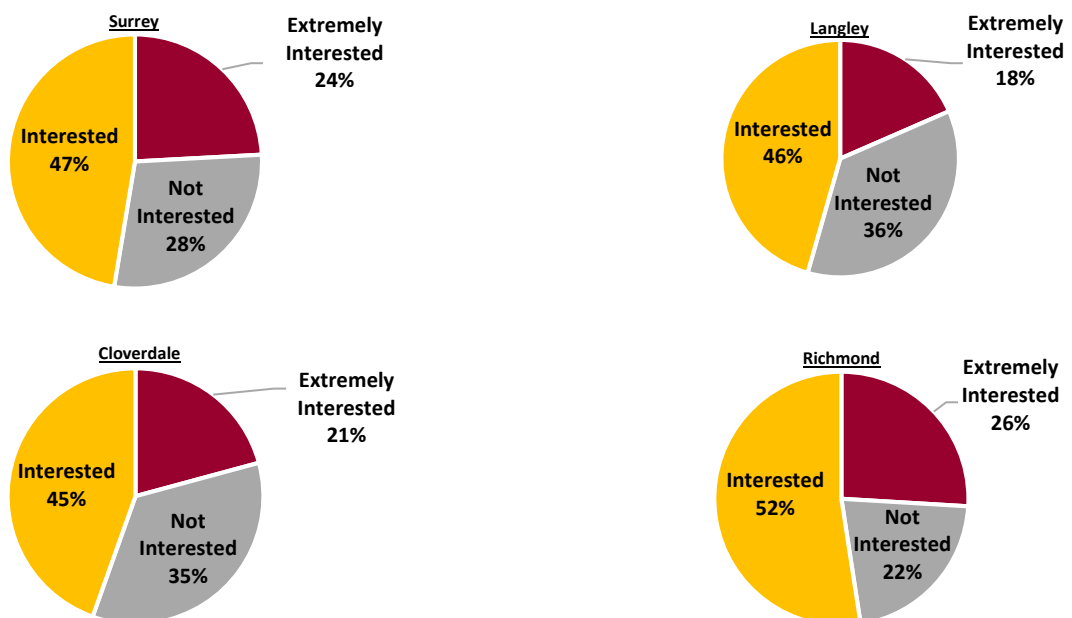

## INTEREST IN A STUDENT RESIDENCE IN RELATION TO HOUSING NEEDS

Students whose housing needs are poorly met tend to be more interested in a student residence.

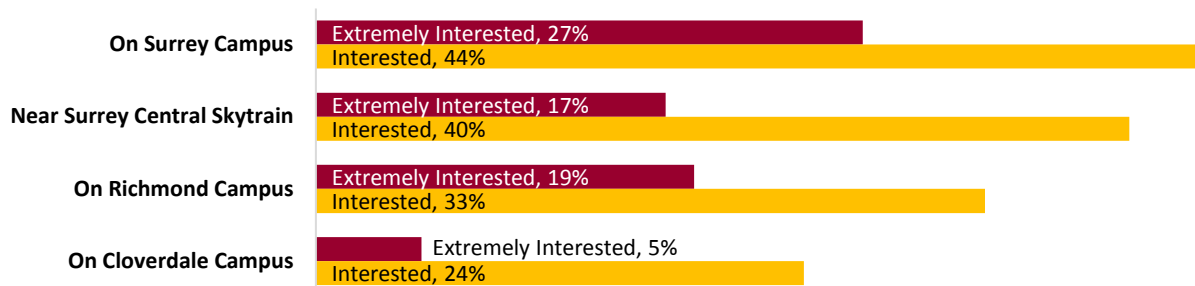

## INTEREST IN A STUDENT RESIDENCE BY STUDENTS' MAIN CAMPUS

Students at Surrey and Richmond have the greatest interest in a student residence.

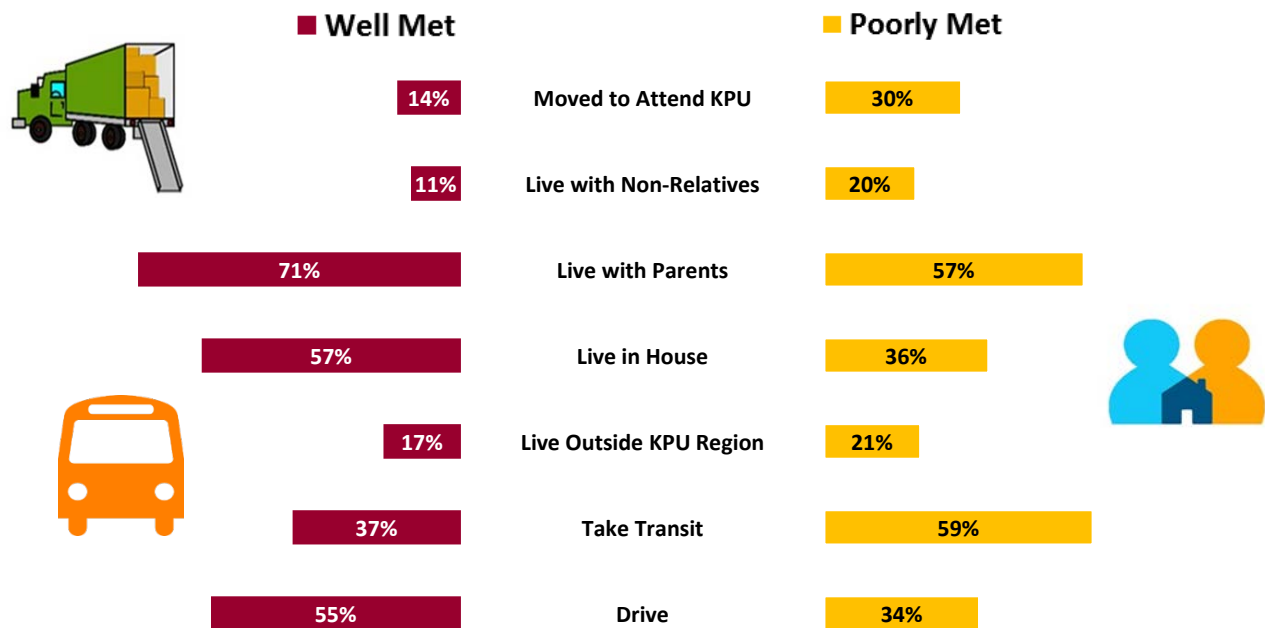

## INTEREST IN A STUDENT RESIDENCE FOR SELECTED LOCATIONS<sup>3</sup>

Interest is highest for a student residence at Surrey Campus.

<sup>3</sup>Frequency of responses to the question: "How interested are you in living at each of the following possible locations for the student residence?" Only students who indicated they were "very interested" or "interested" in a residence were included in this tabulation.

## HOUSING NEEDS POORLY MET VS. NEEDS WELL MET

## EXTREMELY INTERESTED IN A STUDENT RESIDENCE VS. NOT INTERESTED
