Life in Melbourne

Melbourne is a welcoming multicultural city where diversity is celebrated. The city is internationally recognised for its vibrant food and coffee culture. Melbourne features beautifully maintained public spaces, a network of bustling, creative laneways, iconic galleries and museums, as well as a lively year-round calendar of cultural, entertainment, fashion, food and sports activities and events.

Things to do in Melbourne

- ▶ Wander the laneways of the world's most liveable city.
- ▶ Head to the Melbourne Cricket Ground to watch a game of cricket or Aussie Rules football.
- ▶ Watch a movie in the Royal Botanic Gardens with Moonlight Cinema.
- ▶ Explore the CBD on iconic Melbourne trams.

Life in Vietnam

Living and studying in Vietnam will give you an opportunity to explore a unique, historic, exotic, and rapidly developing country.

For culture, food, and dramatic scenery Vietnam has it all. You will be coming to a country rich with history and culture. From the ancient town of Hoi An, to the historical ruins of the Cham dynasty, the beaches of central Vietnam, and UNESCO world heritage site Ha Long Bay. Vietnam will surprise you with its diversity.

RMIT SGS Campus:

Formerly known as Saigon, this fast-moving, ever-growing modern city is the economic centre of Vietnam, and is populated by almost 7.3* million people. In January 2017, Ho Chi Minh City was named as the world's second most dynamic city

The city is open 24-7, and is home to many cafes and restaurants serving food from all around the world. But beyond that are glimpses of history and cultural attractions including the Opera House, French colonial-style hotels, museums and galleries, Ben Thanh Market and a day tour to Mekong Delta area.

RMIT Hanoi Campus

Culture and history are the key aspects of this 1000 years-old city. Walk the narrow historic streets of the Old Quarter, with shops selling everything from red candlesticks to lacquerware and water puppets and take in the sights and sounds around Hoan Kiem Lake. The lake is the focal point of Hanoi life, especially on weekends. Ngoc Son Temple was built in the 18th Century and is located in the centre of the lake, on a small island

Testimonials

Yasemin Ozcelik

"I chose RMIT because of their top-ranked media and communication program. I had heard a lot of positive things about it and wanted to experience it myself. It was the best decision of my life.

My time at RMIT was so different than being at home and studying. Everything was bigger and better.

I especially loved the study space at RMIT, there were so many different places to study, both inside and outside when the weather was nice.

I will never forget my time at RMIT".

Riccardo Petrachi

"For me RMIT has not been simply my exchange destination, just a university, but it became my second home and big family. RMIT has been the perfect choice. It has given me so much experience and joy in a year of exchange more than I expected. I worked for RMIT, I became a social media ambassador, a trip leader and a mentor. My network has doubled and the fantastic balance between studies and social life on campus made my time here one of the happiest in my life.

What else could have I asked for? I will never regret my choice and will never forget this experience. RMIT now feels home."

Lena Korostylova

"At my home university in Berlin, I gained important theoretical knowledge in electrical engineering. A semester abroad at the RMIT helped me to expand this knowledge and get a broader, international insight into this field. By choosing interdisciplinary courses I was able to learn important skills which contribute to my studies."
