

## Rotterdam Business School

### Course Equivalencies Chart

- This information is for reference only as formalized transfer credit will be determined through the student’s Letter of Permission. It is the student’s responsibility to ensure that courses are applicable to their degree.
- Some classes may fit within more than one subject at KPU. The following history indicates how a class has been previously assessed and is not necessarily the only way that a class can come back to KPU.
- Access to all classes at the partner institution is determined by the partner institution and is subject to change; just because a class has been evaluated below does not necessarily mean that you would have access to that class.
- Access to all classes at the partner institution is determined by the partner institution and is subject to change; just because a class has been evaluated below does not necessarily mean that you would have access to that class.
