## DESCRIPTION

The Associate Degree is designed to provide an educational experience that prepares students for work, citizenship and an enriched life as an educated person, and to lay a solid foundation for further study.

The associate degree curriculum comprises two years of post-secondary level study in a variety of academic areas. Students are required to complete a broad range of course offerings balanced with in-depth study in specific disciplines. Since many students will continue their studies, the requirements are sufficiently flexible to enable students to plan their educational program carefully and to complete the required prerequisites for third year course work at Kwantlen or another BC university. Students will be exposed to concepts, theories and modes of inquiry in the humanities, the social sciences and the sciences to develop:

- an interest in, and curiosity about the world around them
- an understanding of the global context in which they live and work
- an appreciation of intellectual thought and human creativity
- an openness to a variety of viewpoints
- a capacity for and interest in self directed life-long learning
- acceptance of the social responsibilities that come with the benefits of advanced learning

In addition, the program of study should develop and improve those skills and abilities essential for academic success at an advanced intellectual level. These may be taught in some courses, embedded in the curriculum of others, or achieved through class participation and the learning process. These include but are not limited to:

- advanced reading comprehension

- effective written and oral communications
- mathematical and scientific reasoning
- computer and technological literacy
- research and evaluative skills
- analysis, synthesis and integration of knowledge
- critical thinking and problem solving
- application of theoretical understanding to practice
- working collaboratively

Kwantlen offers Associate of Arts degrees in the following concentrations:

- Anthropology
- Asian Studies
- Canadian Studies
- Creative Writing
- Criminology
- Economics
- English
- General Studies
- Geography
- History
- Music
- Philosophy
- Political Science
- Psychology
- Sociology

## Transfer to a Bachelor of Arts Program

Students can apply to Kwantlen's Bachelor of Arts degree programs with a complete Associate of Arts degree. Students are encouraged to complete key degree requirements to be awarded priority access to 3000 and 4000 level courses in their area of specialization. Completion of an Associate of Arts degree does not guarantee admission. See Program Admission Requirements for the Bachelor of Arts for more information.

Students who graduate with an Associate of Art degree in order to transfer to a BC institution to complete their degree studies are awarded 60 transfer credits at the receiving institution. Students are strongly encouraged to obtain program information from the appropriate transfer institution to ensure all first and second year program requirements are met within their Associate of Arts program.. Completion of an Associate of Art degree does not guarantee admission.

Students are responsible for ensuring their courses are transferable to other receiving institutions by checking the online transfer guide from the **BC Council on Admission and Transfer** at [www.bccat.ca](http://www.bccat.ca).
