## DESCRIPTION

The Bachelor of Arts, Major in General Studies degree program provides students with the opportunity to develop a degree program in thematic areas not addressed by other, more traditional programs in the Arts disciplines. Working with a BA degree Advisor, the student may create an individual program of study in concert with his/her specific career goals, or simply develop an interdisciplinary liberal arts education. Such a program of study will normally involve a selection of courses from within and between departments that most interest students and best meet their needs for a coherent program.

The program includes:

- The development of knowledge, core competencies, and skills characteristic of traditional Bachelor of Arts programs
- The preparation of students for entry into the labour market by incorporating essential and employability skills in all courses
- The preparation of students to respond innovatively to emerging trends in society
- Clear benefits to students and to the community by providing an opportunity for them to complete a Bachelor of Arts degree at Kwantlen where there is established emphasis on teaching, emerging emphasis on undergraduate research, long-standing connections to South Fraser communities, and

accessibility to students in the expanding South Fraser region.
