## DESCRIPTION

Through online study and clinical practice, the Graduate Nurse Qualifying courses are designed to meet the needs of internationally educated nurses who do not have sufficient education in maternal-child, pediatric or mental health nursing to meet the requirements of the College of Registered Nurses of British Columbia (CRNBC).

## CAREER OPPORTUNITIES

These courses are designed to assist the graduate to meet basic educational requirements for nurse registration in British Columbia.

## PROGRAM ADMISSION REQUIREMENTS

In addition to Kwantlen's General university admission requirements including the undergraduate-level English Proficiency Requirement, the following program admission requirements apply.

- Letter from the CRNBC stating the need for a qualifying course in one or more of the following areas: maternal-child, pediatric, mental health nursing

Students must meet the following course requirements prior to clinical placement:

- Canadian CPR Level C certificate that must remain current throughout the course.
- Immunizations consistent with the requirements of clinical agencies. A Canadian TB skin test or chest x-ray dated within 2 years of registering into the program. Some practice experience agencies may require proof of current immunizations. Failure to have documentation acceptable to the agency at the time of placement may mean denial of the experience, which in turn will prevent completion of the program of studies.
- Criminal Records review, issued by the BC Ministry of Public Safety and Solicitor General.

**Note:** This program is recognized by the College of Registered Nurses of British Columbia (CRNBC) which is the regulatory body for registered nurses in this province. In order to practice nursing upon graduation, students must meet the CRNBC English Requirements and Requisite Skills and Abilities for practicing nurses.
