DESCRIPTION

The BMMA is a four-year program focusing primarily on Western classical music while providing students with opportunities to explore jazz, pop, and world music. Practical courses, such as the Business of Music, Approaches to Music Education, and Psychophysiology of Music Performance, give this program an experiential dimension rarely found in traditional music programs. The program fosters students' creativity and versatility, equipping them to adapt to changing market demands and to apply learned theory and practice in a variety of cultural and service sectors.

The Music program offers students two options for their studies:

- 1. Bachelor of Music in Musical Arts degree.** This is a selective-entry, four-year bachelor's degree program that is eight semesters in length consisting of 122 credits of coursework.
- 2. Music Diploma option.** The two-year diploma is embedded within the degree. It allows students who do not wish to pursue a degree in music to have an optional exit point after completion of lower level requirements. The Diploma has six concentrations: General Studies, Comprehensive Studies, Guitar Performance, Orchestral Instrument Performance, Piano Performance and Vocal Performance.

Foundation Courses

Applicants who demonstrate musical talent but have not established a thorough grounding in the practical skills and general knowledge of music at the appropriate level may be given the opportunity to register in one or more foundation courses to upgrade specific musical and technical skills. The Foundation courses include:

- Rudiments in Music (i.e., Theory) MUSI 1100 & MUSI 1200
- Listening to Music (i.e., Introduction to Music History) MUSI 1103 & MUSI 1203
- Studio Lessons (i.e., Private Lessons) MUSI 1105 & MUSI 1205

STUDENT PROFILE

BMMA students are high school graduates, transfer students, and adult learners residing in the region (South Fraser, Fraser Valley, and North Fraser, east of Burnaby). All entering students require rudimentary knowledge of music theory, basic aural and rhythm skills, and practical performance skills at a university-entrance level. (BMMA – Audition Requirements). In addition, good writing and research skills will be beneficial in all music history courses

CAREER OPPORTUNITIES

A curriculum that supports an entrepreneurial spirit in the cultural marketplace is an important focus of the KPU music degree. The program opens multiple pathways to career options including performance, studio pedagogy, music education, interdisciplinary arts, and arts management. In addition, the BMMA provides opportunities for leadership development and community-based music initiatives through liaisons with schools, arts organizations, and relevant industry partners. Two proposed concentrations within the program (Studio Pedagogy and Education) include practica, with community and industry partners monitoring student work in studio, classroom, and business settings.

Graduates of the BMMA degree will be able to access post-baccalaureate studies in music education or in graduate music programs emphasizing performance, studio pedagogy, music theory, or musicology will be accessible to graduates of the BMMA degree at universities across North America.

Through a judicious choice of courses and/or further study, BMMA students may also pursue music-related careers in the areas of music services (e.g., music librarian, music therapy), science and technology (e.g., audio engineering, digital audio editor), management (e.g., arts administration, concert promotion), advertising (e.g., music critic, jingle writer), business (music wholesaler/distributor, merchandising, entertainment business lawyer), and music production in the related fields of film, theatre, and television.

PROGRAM ADMISSION REQUIREMENTS

In addition to KPU's General university admission requirements including the undergraduate-level English Proficiency Requirement, the following program admission requirements apply:

■ Audition/interview

Applicants will receive an invitation to demonstrate their musical and technical skills in an audition, which will take place in April / May. Alternative audition dates are possible for students living outside the Greater Vancouver Region. For those who have completed the university application process by the specified deadline, late auditions may be held in August (subject to seat availability)

For all instruments except piano, the standard of practical work expected at the time of audition is equivalent to Royal Conservatory of Music (RCM) Grade 6. The entrance standard for piano is equivalent to RCM Grade 10.

■ A satisfactory score on the KPU Music Placement Test

The placement test assesses the knowledge and skill of the applicant in music theory, music history, and aural musicianship (i.e., ear training). The results will help determine the best point of entry for prospective students.

Applicants who have successfully completed the RCM – Advanced Rudiments Examination in Theory or Conservatory Canada, Theory IV may be exempt from writing the theory section of the placement test upon presentation of the certification of completion on or before the day of the audition.

Applicants who have successfully completed the RCM History 1 Examination may be exempt from writing the history section of the placement test upon presentation of the certification of completion on or before the day of the audition.

Note: One post-secondary English course, equivalent to KPU's ENGL 1100, is a graduation requirement for all KPU degrees. Students wishing to complete the program without having to undertake any preparatory courses must enter with English 12 with a B grade or the equivalent. Please make an appointment with an Academic Advisor to plan your course selections accordingly.

For more details regarding audition requirements and the placement exam, visit: kpu.ca/music.

Applicants not accepted into the BMMA program may be eligible to pursue courses toward the degree via the Associate of Arts in Music. Not all courses in this program are eligible for credit towards the degree program, therefore interested students should consult with either an Educational Advisor or with the Music Department prior to applying. Please note that the Associate of Arts in Music does not include studio lessons (i.e. private instruction).

OTHER INFORMATION

Private Lessons

Students may major in one of the following: piano, voice, strings, woodwinds, brass, guitar, or percussion. Private lessons are generally available only to students enrolled full time in the music programs.

Secondary Lessons

Students may be eligible for secondary lessons only if they have successfully met all Keyboard Skills requirements (covered in MUSI 1154, 1254, 2354, 2454).

Private Lesson and Chamber Ensemble Policies and Fees

To be eligible for private lessons, a student must demonstrate commitment to the Music Program by enrolling in a minimum of 9 credits per semester—excluding the lessons themselves. Part-time Music students must consult with the music chair regarding their private instruction options.

Like other post-secondary music programs, KPU charges a private lesson fee in addition to tuition. This is a separate fee, rather than a hidden cost. It is calculated according to the length of the lesson, as follows:

- ½ hour – \$75/semester
- 1 hour – \$125/semester
- 1½ hours – \$175/semester

To offset the cost of the unique chamber ensemble component of the KPU Music Program, a nominal user fee (\$100) is added to the cost of tuition for each chamber ensemble that a student elects or is required to take.

CREDENTIAL AWARDED

Upon successful completion of the major program, students are eligible to receive a **Bachelor of Music in Musical Arts**. Transcripts will indicate a **Major in General Studies**.
