

EDUCATION, COMMUNITY AND HEALTH SPECIALTIES (ECHS)

This is a list of the Education, Community and Health Specialties (ECHS) courses available at KPU.

ECHS 1114 **2 Credits**

Communications for Caring Professionals

The student will explore self-awareness, increased understanding of others and the development of effective interpersonal communication skills that can be used in a variety of care-giving contexts. They will examine their own communication choices and patterns. Students will have opportunity to develop and use communication techniques that demonstrate personal awareness, respect and active listening skills.

ECHS 1125 **1.5 Credits**

Principles of Observation

Students will explore the concepts and process of observation in their area of practice. They will consider the factors that influence observation, including their own values, beliefs, feelings and preconceptions. Students will focus on observation methods and the recording of observations in different settings. They will examine the ethical implications of observation in their practice.

Attributes: F2A2

ECHS 1130 (formerly ECHS 1112) **2 Credits**

Interpersonal Communications 1

Students will examine basic principles of effective interpersonal communication. They will examine their own style of communicating. Students will demonstrate competency in areas of verbal and nonverbal communication.
