DESCRIPTION

The BC Adult Graduation Diploma (Adult Dogwood) program, an adult Grade 12 equivalency, enables adult learners to complete their BC Ministry of Education secondary school graduation requirements in order to enter the workforce or post-secondary studies.

Courses required for completion are offered in a semester-based format; however, courses at the fundamental to advanced levels can be taken in a continuous intake (individually-paced) format.

Students completing the Adult Graduation Diploma can satisfy graduation requirements by using:

- courses taken in high-school;
- transferable courses taken at other post-secondary institutions;
- undergraduate-level courses (may be applied towards other programs).

ADMISSION REQUIREMENTS

All applicants who do not have the appropriate High School prerequisite, or those referred by instructors, must take assessments in English and mathematics to ensure appropriate placement in the program. Assessments are booked through Student Enrolment Services (kpu.ca/ses).
