

# Psychology - Applied: Bachelor of Science (also: Honours)

<b>Faculty of Arts</b>	kpu.ca/arts
<b>Psychology</b>	kpu.ca/arts/psychology
<b>Program Type</b>	Undergraduate
<b>Credential Granted</b>	Baccalaureate Degree
<b>Offered At</b>	Langley Richmond Surrey
<b>Start Date(s)</b>	September January May
<b>Intake Type</b>	Open intake
<b>Format</b>	Full-time Part-time
<b>Instructional Cycle</b>	Semester-based
<b>Curriculum Effective Date</b>	01-Sep-2016
<b>How to Apply</b>	www.kpu.ca/admission

## DESCRIPTION

The Bachelor of Science in Applied Psychology is an interdisciplinary program rich in Psychology and Natural Sciences content. It is built primarily upon the attributes that have proven successful in the existing Bachelor of Applied Arts (BAA) and Bachelor of Arts (BA) in Psychology degrees. The foundation of the degree is rooted in KPU's existing two year science curriculum, with an emphasis on Biology and Chemistry, and on core base courses in Psychology.

The degree was developed in close connection with employers in the field and community partners, and has an applied focus that prepares students for employment upon graduation, for research-focused graduate studies, or for entry into professional programs of study. Many courses within this program have a lab component. The program will take a systems/ecological approach, recognizing the interrelationships between humans and their environments.

As part of their upper-level coursework, students will take courses across three main topical areas within Psychology: (1) research skills; (2) biological psychology; and (3) health psychology. The degree will be embedded throughout with psychological application, including hands-on lab experience and courses focusing on human interaction with and use of modern technology, professional business practices, and technical writing. Students also participate in a workplace practicum coordinated by KPU and co-supervised by faculty and employers in relevant fields of employment. This practicum placement will assist students in gaining workplace experience and in meeting potential future employers.

Students interested in applying to graduate school or who prefer a more extensive research experience are encouraged to apply to the Honours program. The Honours program affords students an opportunity to develop and report on a research project under the direct supervision of a faculty member within the Psychology Department. B.Sc. in Applied Psychology students can complete

the Honours program within the 40 courses required for the degree.

## CAREER OPPORTUNITIES

While taking the program, students will be required to participate in a workplace practicum co-supervised by faculty and community employers. They will have the opportunity to test their skills and knowledge in specific contexts, to observe the relationships between specific disciplinary techniques, and to appreciate the complexities of technical and human interactions.

A student who successfully completes the B.Sc. in Applied Psychology, will have reliably demonstrated the ability to:

- Critically examine the research literature
- Contribute effectively to a seminar discussion
- Deliver a presentation based on primary source research
- Communicate ideas effectively in written and oral forms
- Critically evaluate primary and secondary source material
- Develop a research program
- Apply skills in a relevant work setting
- Demonstrate solid ethical decision making both in research and practice
- Work within an interdisciplinary framework
- Demonstrate comprehensive and critical understanding of statistical and methodological approaches to scientific enquiry
- Demonstrate a working knowledge of various scientific technologies and techniques

The degree was developed in close collaboration with industry/employers to ensure positive outcomes and maximum opportunities. Graduates of this degree could therefore find employment in areas such as vocational rehabilitation, mental health services, gerontology, forensics, disability services, software usability research, program evaluation, research and design, pharmaceutical companies, and child care consultancy. They would also be well prepared for post-graduate programs in a variety of health professions. Students who complete the Honours option would be well prepared for research-focused graduate studies in neuroscience, psychology, counselling, public policy, and other areas.

## ADMISSION REQUIREMENTS

The Faculty's Admission Requirements, which consist of KPU's undergraduate English Proficiency Requirement, apply to this program.

## DECLARATION REQUIREMENTS

Students intending to graduate with this degree must declare the credential by the time they complete 60 credits of undergraduate coursework. At the time of declaration, the student must satisfy all of the following requirements:

- In good academic standing with the University
- Completion of a minimum of 24 credits of undergraduate coursework, including the following:
  - 3 credits of ENGL at the 1100 level or higher
  - PSYC 1100 with a minimum grade of "C"
  - PSYC 1200 with a minimum grade of "C"
  - BIOL 1110
  - CHEM 1110
  - MATH 1120 or MATH 1130
  - PHYS 1101 or PHYS 1120

# CURRICULAR REQUIREMENTS

## Applied Psychology Degree

### ALL STUDENTS MUST MEET THE FOLLOWING MINIMUM REQUIREMENTS FOR A BACHELOR OF SCIENCE IN APPLIED PSYCHOLOGY:

- 127 credits of undergraduate coursework
- 33 credits at the 3000 or 4000 level, including the following:
  - 6 credits at the 4000 level
  - 30 credits in PSYC
  - 3 credits in a subject area other than PSYC
- 6 credits in MATH
- 30 credits in BIOL, CHEM or PHYS
- A cumulative GPA of 2.0 or higher
- 32 credits overall, including a minimum of 12 credits in 3000- or 4000-level PSYC courses, completed through courses taken at KPU.

### 1000-LEVEL REQUIREMENTS

#### All of:

BIOL 1110	Introductory Biology I	4 credits
BIOL 1210	Introductory Biology II	4 credits
CHEM 1110	The Structure of Matter	4 credits
CHEM 1210	Chemical Energetics and Dynamics	4 credits
ENGL 1100	Introduction to University Writing	3 credits
ENGL 12xx	A course at the 1200 level	3 credits
PSYC 1100	Introduction to Psychology: Basic Processes	3 credits
PSYC 1200	Introduction to Psychology: Areas and Applications	3 credits

#### And one of:

MATH 1120	Differential Calculus	3 credits
MATH 1130	Calculus for Life Sciences I (recommended)	3 credits

#### And one of:

MATH 1220	Integral Calculus	3 credits
MATH 1230	Calculus for Life Sciences II (recommended)	3 credits

#### And one of:

PHYS 1101	Physics for Life Sciences I	4 credits
PHYS 1120	Physics for Physical and Applied Sciences I	4 credits

### 2000-LEVEL REQUIREMENTS

#### All of:

BIOL 2321	Cell Biology	4 credits
CHEM 2320	Organic Chemistry I	4 credits
PSYC 2300	Applied Statistics	3 credits
PSYC 2315	Brain and Behaviour	3 credits

PSYC 2330	Social Psychology	3 credits
PSYC 2375	Perception	3 credits
PSYC 2385	Cognition	3 credits
PSYC 2400	Experimental Psychology: Research Methodology	3 credits

#### And one of:

BIOL 2320	Genetics	4 credits
BIOL 2421	Cellular Biochemistry	3 credits

### 3000- AND 4000-LEVEL REQUIREMENTS

#### All of:

CMNS 3100	Technical Report Writing	3 credits
PSYC 4000	Practicum	3 credits
PSYC 4700	Culture and Psychology	3 credits

#### And at least two of:

##### Statistics and Research Methodology Courses

PSYC 3300	Applied Statistics II	3 credits
PSYC 3400	Applied Research I	3 credits
PSYC 3960	Program Evaluation	3 credits
PSYC 4100	Tests and Measurement	3 credits
PSYC 4400	Research Methods II: Qualitative Methodologies	3 credits

#### And at least two of:

##### Biological Psychology

PSYC 3303	Learning: Theory and Practice	3 credits
PSYC 3320	Drugs and Behaviour	3 credits
PSYC 3910	Neuropsychology	3 credits
PSYC 4315	Neuroscience	3 credits

#### And at least two of:

##### Health and Clinical Psychology

PSYC 3350	Advanced Topics in Psychopathology	3 credits
PSYC 3450	Clinical Psychology: Intervention	3 credits
PSYC 3451	Psychology and Law	3 credits
PSYC 3600	Health Psychology	3 credits
PSYC 3920	Aging	3 credits
PSYC 4350	Developmental Psychopathology	3 credits
PSYC 4910	Rehabilitation	3 credits

#### And at least two of:

##### Applied Psychology

PSYC 3200	Industrial and Organizational Psychology	3 credits
PSYC 3220	Group Dynamics	3 credits

PSYC 3930	Consumer Psychology - Research & Applications	3 credits
PSYC 3950	Cognitive Ergonomics	3 credits
PSYC 4200	Human Factors: Technology and Behaviour	3 credits
PSYC 4500	Interpersonal Relations	3 credits

## ELECTIVES

**In addition to the courses specified above, students must complete 27 credits of electives**

Electives may be chosen from any subject area and at any level provided all core requirements are met. 27 credits

## Honours

Students pursuing the Bachelor of Science in Applied Psychology Honours degree must complete the following 12 credits in lieu of elective credits, and within the 127 credits required for degree completion:

PSYC 5000	Honours Thesis I	6 credits
PSYC 5010	Honours Thesis II	6 credits

Enrolment in Psychology Honours courses requires the permission of the Psychology Honours committee. In order to be considered for Honours courses, students are expected to achieve and maintain a cumulative GPA of 3.3 and to obtain a 'B+' grade in both PSYC 3300 and 3400. Students must also obtain endorsement from a faculty member who will serve as their thesis advisor, and be recommended by the Psychology Honours committee.

Please see [kpu.ca/arts/psychology/honours](http://kpu.ca/arts/psychology/honours) for further information regarding application deadlines and anticipated course schedules.

Students may receive either the Bachelor of Science in Applied Psychology degree or the Bachelor of Science in Applied Psychology Honours degree, but not both.

## CREDENTIAL AWARDED

Upon successful completion of the honours program, students are eligible to receive a **Bachelor of Science in Applied Psychology (Honours)**.

Upon successful completion of the degree program, students are eligible to receive a **Bachelor of Science in Applied Psychology**.
