

Horticulture Technology - Landscape Horticulture Systems: Diploma

Faculty of Science and Horticulture	kpu.ca/science
Horticulture	kpu.ca/hort
Program Type	Undergraduate
Credential Granted	Diploma
Offered At	Langley
Start Date(s)	September January May
Intake Type	Open intake
Format	Full-time Part-time
Instructional Cycle	Semester-based
Curriculum Effective Date	01-Sep-2016
How to Apply	www.kpu.ca/admission

DESCRIPTION

The Landscape Horticulture Systems specialization delivers basic horticulture knowledge as well as practical hands-on experience. Students resolve local landscape garden problems through landscape design classes. In landscape construction they learn by building features that become part of the campus landscape. Students study tree care, a program strength, where they practice pruning, planting, and tree management problem-solving skills in urban forests.

Graduates are working for landscape companies of all types and sizes. Many are successfully running their own landscape firms. Graduates have also established successful careers working for parks departments in cities across British Columbia.

Credit Application to a Degree Program

KPU BACHELOR OF HORTICULTURE SCIENCE

Graduates of a KPU Horticulture Technology Diploma with or without specialization can pursue one of KPU's Bachelor of Horticulture Science degree programs, with a choice between the Urban Ecosystems major or the Plant Health major. (Please refer to the Urban Ecosystems or Plant Health section of the calendar for details.)

Students can combine their diploma education with the enhanced horticulture science knowledge at the degree level and earn two credentials (Diploma and Degree). Those who wish to pursue this option should meet with the Faculty of Science and Horticulture Degree Advisor to discuss applying credit to one of these unique School of Horticulture degree programs.

KPU BACHELOR OF BUSINESS ADMINISTRATION

A successful career progression in horticulture often leads to a management role. The Horticulture Technology diploma programs include a foundation in business skills and graduates may be eligible to apply over 30 program credits towards KPU's Bachelor of Business Administration in Entrepreneurial Leadership.

Students can combine diploma-level education with enhanced business skills and earn two credentials (Diploma and Degree).

In the event of a discrepancy between this document and the official KPU 2016-17 Calendar (available at www.kpu.ca/calendar/2016-17), the official calendar shall be deemed correct.

Students who wish to pursue this option should meet with the Faculty of Science and Horticulture Degree Advisor to discuss course planning that would facilitate application to the School of Business degree program.

STUDENT PROFILE

Students who wish to contribute to environmental and community well-being, engage in creative activities, own and operate their own business, or engage in hands-on work will enjoy horticulture.

Many students enter the Horticulture Technology Diploma to upgrade their skills or facilitate a career change. Faculty and staff are supportive and sensitive to the issues faced by students who embark on a post-secondary program after a significant period away from formal education.

Individuals with allergies to dust, pollen or plant products, or specific chemicals should be aware of the potential impact of practicing horticulture on their health. Moderate physical fitness and a healthy back are generally required for a successful career in horticulture.

NOTE: In addition to the Faculty Admission Requirements, students will be required to have completed a minimum of Mathematics 11 Foundations (with a C) or equivalent in order to complete the program without undertaking preparatory courses. Students are encouraged to speak with an Academic Advisor to plan course selection accordingly.

ADMISSION REQUIREMENTS

Students pursuing a Diploma in Horticulture Technology must be admitted to the Faculty of Science & Horticulture.

CURRICULAR REQUIREMENTS

Students pursuing a Horticulture Technology Diploma with a Landscape Horticulture Systems specialization must complete at least 63 credits. Students should be familiar with the basic computer applications of word processing and spreadsheets. If students require upgrading, they should take CBSY 1105.

YEAR 1

All of:

HORT 1102	Botany for Horticulture	3 credits
HORT 1104	Soils and Growing Media	3 credits
HORT 1105	BC Pesticide Applicator Certification	1 credit
HORT 1110	Introduction to Sustainable Horticulture	3 credits
HORT 1118	Basic Machinery Operation and Maintenance	3 credits
HORT 1124	Landscape Gardening Methods	3 credits
HORT 1155	Introduction To Plant Materials	3 credits
HORT 1217	Foundations of Plant Health	3 credits
HORT 1240	Arboriculture I	3 credits

Plus one of:

HORT 1230	Sustainable Turf Management	3 credits
HORT 1261	Plant Propagation	3 credits

Plus one of:

CMNS 1140	Introduction to Professional Communication	3 credits
ENGL 1100 †	Introduction to University Writing	3 credits

YEAR 2**All of:**

HORT 2302	Horticulture Work Experience	1 credit
HORT 2306	Work Experience Report	1 credit
HORT 2327	Sustainable Landscape Design I	3 credits
HORT 2355	Plant Materials II	3 credits
HORT 2412	Landscape Estimating and Contract Administration	3 credits
HORT 2426	Landscape Construction	3 credits

Plus one of:

HORT 2308	Landscape Pest Management	3 credits
HORT 2333	Turfgrass Pest Management	3 credits
HORT 2378	Production Horticulture Pests	3 credits

Plus one of:

HORT 2334	Irrigation and Drainage Practices	3 credits
HORT 2473	Greenhouse Climate Control	3 credits

Plus two of:

HORT 2427	Sustainable Landscape Design II	3 credits
HORT 2442	Arboriculture II	3 credits
HORT 2463	Woody Plant Production and Development	3 credits
HORT 2490	Organic Crop Production	3 credits

Plus one of:

BUSI 1205	Supervisory Skills	3 credits
BUSI 1215 *	Organizational Behaviour	3 credits
BUSI 1250	Human Resource Management	3 credits

Plus one of:

ACCT 1110 *	Introductory Financial Accounting I	3 credits
