office has provided the international student recruitment target number, which aligns with the historical HRMT Post Baccalaureate international student admission numbers,

- d. The program delivery structure has been designed to attract work emerging professionals, as this opens the path for employer tuition support for participants. This supports the ability to realize the \$335 per credit for domestic students.
3. The program instructional and operational costs and KPU overhead charges are fully covered while still providing additional program contribution:
 - a. Instructional costs align with current instructional costs for SoB degree programs,
 - b. Operational costs: Program coordinator time release \$12.5%, additional administration support, and direct marketing/recruitment budgets have been included. Administration support costs are increased with the offering of a second cohort intake in the Spring term,
 - c. Co-op instructional costs: If the decision is made to offer Co-op as an option for the program: 50% Co-op Instructor = \$58,437.00. The program margin level will support the funding of this option. Co-op work term revenues will help to reduce the additional instructor costs along with students enrolling in the prep 1-cr COOP 1101 course.

Resource Requirements: Self-Funded program design to be eventually offered out of Civic Center 3.

Implications / Risks: Current brand recognition is a risk to the recruitment, management of international enrollment – right international student being recruited.

Full Program Proposal, Post Baccalaureate, Operations and Supply Chain Management Specialist

Executive Summary

(Abridged and adapted from attached Full Program Proposal, January 4, 2016)

The Operations and Supply Chain Management Specialist (“OSCM”) program is designed for students that have either completed a Bachelor’s degree or completed a technical or sciences diploma, together with significant relevant industry experience. This program is designed to attract students who wish to further advance their managerial acumen and professional competence while gaining an understanding, knowledge and fluency in appraising company-wide resources and implementing effective change within their organization. Students engaged in studies will be able to complete the program full-time in twelve months, sixteen months with a co-op option or twenty-four months part-time.

Upon completion of the OSCM program, students will attain a strong applied management acumen base, having developed critical thinking, analytical and communication skills in addition to effective project management abilities, teamwork and interpersonal skills. Graduates of the program will also succeed in achieving a solid understanding of how to interpret and synthesize core business, financial and performance data to competently support informed decision-making. Moreover, they will be able to demonstrate their ability to apply business, operations and supply chain management processes, tools and strategies, in order to successfully identify and assess performance improvement opportunities in a variety of industries.

The program’s curriculum has been designed to align with and meet several critical outcomes of the B.C. government’s Skills Blueprint¹ and 2022/2024 Labour Market Outlook studies. The learning outcomes are directly aligned to six occupational categories that the B.C. 2022 Labour Market Outlook has determined as development priorities for the expansion of the B.C. economy, and five occupational categories that are linked to the development of the Liquefied Natural Gas (LNG) industry in B.C. A total of an estimated minimum of 10,680 job openings within the six occupational groups is expected to be created between 2015 and 2024 in B.C. (of which 7,850 openings are expected in the Mainland/Southwest region). Three of the occupational groups related to the proposed program account for 74% of the 10,680 job openings in B.C. (7,900 jobs) and 71% of the 7,850 job openings in the Mainland/Southwest region (5,570 jobs). Over a ten-year period to 2024, demand for workers is expected to increase, in both B.C. and the Mainland/Southwest region, for all of the five occupational groups above.

While this program will be attractive to domestic students wishing to pursue a career in operation, supply chain or logistics management, it will also allow international students an opportunity to supplement their undergraduate education with a Canadian credential. The design of the OSCM program is to provide a delivery option for working and emerging professionals who desire to enhance their education and credentials while maintaining an active work-life balance.

Aligning with KPU’s Vision 2018 and Academic Plan, the program’s curriculum continues to enhance KPU’s industry standing as it will leverage industry partnerships and relationships for experiential learning and applied projects / research. It will enable the School of Business to

¹ <https://www.workbc.ca/Job-Seekers/Skills-and-Training/B-C-%E2%80%99s-Skills-for-Jobs-Blueprint.aspx>

expand its support of applied project partnerships with the region's economic development bodies and agencies including but not limited to City Governments, Boards of Trade, Industry Associations, and Professional Associations.

The OSCM program is fully self-funded in that the program's instructional and operational costs and KPU overhead charges are fully covered while still providing additional program contribution. With tuition set at \$335 per credit for domestic students and maintaining the current \$550 per credit for international students, the program tuition is competitive with other programs being offered. The OSCM program tuition for full-time domestic students is \$11,055, for full-time international students it is \$18,150 and for part-time domestic it is \$6,030 in year one and \$5,025 in year two.

Full Program Proposal, Post Baccalaureate, Technical Management and Services

Executive Summary

(Abridged and adapted from attached Full Program Proposal, January 4, 2016)

The Technical Management and Services (“TMAS”) program is designed for students that have either completed a Bachelor’s degree or completed a technical or sciences diploma, together with significant relevant industry experience. This program is designed to attract emerging technical managers and leaders who wish to further advance their managerial knowledge, competence and entrepreneurial acumen while encouraging a context-sensitive approach to understanding individuals, systems and technical based organizations. The TMAS program is designed to allow student the ability to complete the program in twelve or twenty-four months.

The role of the technical manager is viewed as the link between business management and technical expertise, and involves the allocation of resources to projects and activities that are both complex and unique. They are expected to lead and manage teams with advanced technical specializations, and to make and implement strategic and operational decisions based on general principles and tools of management, skilfully tailored to specific technical product and services industries.

The program’s curriculum has been designed to align and meet several critical outcomes of the B.C. government’s *Skills Blueprint*¹ and *2022² / 2024³ Labour Market Outlook* studies. The learning outcomes are directly aligned to six occupational categories, which have been identified as high labour market competitiveness in 2024 in the B.C Government’s labour market data⁴. A total of 14,390 job openings within the six occupational groups are expected to be created between 2015 and 2024 in BC (of which 9,595 openings are expected in the Mainland/Southwest region). Three of the occupational groups related to KPU’s proposed program account for 82% of the 14,390 job openings in BC (11,860 jobs) and 86% of the 9,595 job openings in the Mainland/Southwest region (8,205 jobs). Over a ten-year period to 2024, demand for workers is expected to increase, in both BC and the Mainland/Southwest region, for all of these six occupational groups.

While this program will be attractive to domestic students both working as and preparing for careers as technical managers and services professionals, it will allow international students with a technical education background an opportunity to supplement their undergraduate degree with a Canadian business management credential. The design of the TMAS program is to provide a delivery option for working and emerging professionals who desire to enhance their education and credentials while maintaining an active work-life balance.

Aligning with KPU’s Vision 2018 and Academic Plan, the program’s curriculum will continue to enhance KPU’s industry standing as it will leverage industry partnerships and relationships for experiential learning and applied projects / research. It will also enable the School of Business

to expand its support of applied project partnerships with the region's economic development bodies and agencies including but not limited to City Governments, Boards of Trade, Industry Associations and Professional Associations.

The TMAS program is fully self-funded in that the program's instructional and operational costs and KPU overhead charges are fully covered while still providing additional program contribution. With tuition set at \$335 per credit for domestic students and maintaining the current \$550 per credit for international students, the program tuition is competitive with other programs being offered. The OSCM program tuition for full-time domestic students is \$11,055, for full-time international students it is \$18,150 and for part-time domestic it is \$6,030 in year one and \$5,025 in year two.

Board Committee Report: The Board Governance and Board Finance Committees reviewed the Full Program Proposal for the Diploma in Acupuncture at meetings held on March 16, 2016 and March 23, 2016 respectively and recommend the program to the Board of Governors for approval.

Context & Background: The February 12th, 2013 the Government of British Columbia Speech from the Throne (pg. 21-22) commits that “government will begin work to create the environment for a school of Traditional Chinese Medicine (TCM) at a British Columbian post-secondary institution.”

As a polytechnic university with a mandate for diverse educational initiatives that combine the application of theory and experiential learning, KPU believes a TCM program is a very appropriate fit for the institution and the local community it serves.

In consultation with the Ministry of Advanced Education (AVED), KPU will offer an Acupuncture Diploma as the first phase of program development of a full TCM program.

KPU is in a strong competitive position to offer an Acupuncture Diploma program as the first phase of TCM education. KPU’s reputation as an innovative post-secondary institution and its strong relationship with key stakeholders in both the regional community and local health care authorities will provide the additional and essential support to launch a successful new program

Key Messages:
[maximum of three]

- 1. Engagement with new learners, the local Asian community and existing users of TCM through partnerships with TCM practitioners across the province.**
- 2. Fulfillment of our AVED letter of mandate.**
- 3. A growing awareness and adoption of alternative medical practices in BC and a proven market for acupuncture within both the TCM and Western medical community support the introduction of a provincially recognized diploma into KPU’s polytechnic offering**

KWANTLEN POLYTECHNIC UNIVERSITY
Faculty of Health

TO: Board of Governors
FROM: Dr. Tru Freeman, Dean (FoH)
DATE: March 30th, 2015
SUBJECT: **Executive Summary, Acupuncture Diploma**

In 2013 the Government of British Columbia Speech from the Throne commits that the *“government will begin work to create the environment for a school of Traditional Chinese Medicine (TCM) at a British Columbian post-secondary institution.”* On January 24, 2014 the Ministry of Advanced Education (AVED) announced that Kwantlen Polytechnic University (KPU) will host the province’s first public school of Traditional Chinese Medicine (TCM).

In Canada, Traditional Chinese Medicine and Acupuncture (TCM-A) is recognized as a legitimate and credible medical profession. In 1999, the Government of British Columbia (BC) became the first jurisdiction to fully recognize the Doctor of TCM as a professional designation. Subsequently, the BC Government approved and established the College of Traditional Chinese Medicine Practitioners and Acupuncturists of British Columbia (CTCMA) as the regulatory body for TCM.

The proposed acupuncture program, as the first phase of the TCM program, will be offered as a diploma credential. Students will take a total of three academic years, condensed into two calendar years, to complete the acupuncture diploma program. Phase two would include the *herbology* component which would then fulfill the requirements for a TCM diploma.

The entry requirement of the proposed acupuncture program is 60 undergraduate credits. The proposed Acupuncture diploma program includes 86 credits, 460 hours of clinical practice and will be delivered in six semesters that include the following components: 1) essential TCM foundations, 2) acupuncture foundations, 3) Western biomedical science, 4) acupuncture therapeutics, 5) clinical practicum, 6) other. The courses cover the contexts of TCM-Acupuncture fundamental theory, diagnosis, treatment, and clinical practice as well as Western biomedical sciences, English, Mandarin language, communication and practice management.

The target students for the proposed program are individuals who are interested in holistic health practices. Recruitment will occur through KPU marketing, the Future Students’ Office (FSO), word of mouth, the Office of International Students and Scholars (OISS), professional TCM organizations, conferences, post-secondary educational institutions, and public advertising.

According to the information available, there is an increasing acceptance by health authorities and healthcare insurance providers to recognize complementary/alternative solutions. The proposed acupuncture program will provide a suitable credential and a growing number of employment opportunities for graduates. KPU would become the first public university in BC to offer an acupuncture program, and puts KPU in a leading position with regards to TCM education and research.

Board Committee Report: The Board Governance and Board Finance Committees reviewed the Full Program Proposal for the Diploma in Acupuncture at meetings held on March 16, 2016 and March 23, 2016 respectively and recommend the program to the Board of Governors for approval.

Context & Background: The Full Program Proposal (FPP) for a Certificate in Education Assistant was endorsed by the Senate Standing Committee on Curriculum on February 3, 2016 and by the Senate Standing Committee on University Budget on February 12, 2016.

The proposed Education Assistant (EDAS) Program is a revision of the Special Education Teacher Assistant (SETA) program following a full program review.

Key Messages:
[maximum of three]

1. These program revisions address repetition across courses by revising three courses and deleting one.
2. The proposed program revisions maintain the quality of the SETA program.
3. The name of the certificate has been updated to reflect the vernacular in the field.

Resource Requirements: The proposed revisions will bring the program expenses into alignment with approved operating budget.

Implications / Risks: There are no health, environmental, legal, or other implications attendant to this proposal.

Consultations: Faculty discussed changes to the current program with the Chair Assistant, past chair, and current chair of the SETA program at Langara College. The Dean's Office of the KPU School of Business was consulted regarding the proposed change to writing course requirements.

This proposal was approved by the Arts Faculty Council on January 29, 2016.

Following feedback from SSCC, the Faculty of Arts will work with the Office of the Registrar to identify and enact provisions to allow the 2016 cohort intake to be accepted under the current, less rigorous requirements in the current Calendar.

Non-Degree Program Proposal: Education Assistant Program

Executive Summary

The Special Education Teacher Assistant (SETA) program went through a full program review in 2011. The faculty have taken the recommendations from that review and implemented them over the past four years and now into a revised program proposal for Education Assistant Program (EDAS).

The SETA program became a part of the Faculty of Arts in 2014. At that time our admission requirements for English became the standard for the university (C+ in English 12). We are now proposing to remove the additional statement “or the GED”.

This revised program is 34 credits. Several course outlines were revised in the past three years and approved (see complete list of all courses in Appendix 1).

The only changes to this revised program proposal are:

Revised course outlines SETA 1101, SETA 1105 and SETA 1305 to include learning outcomes from the discontinued ECHS 1135. These courses along with the remainder of the active SETA course outlines were revised to update the course rubric (subject code and course numbers) from SETA to EDAS (Education Assistant) as approved by the Office of the Registrar.

In addition, a new course, EDAS 1120 (3 credits) was created to replace the discontinued ECHS 1135.

The above changes were the result of the recommendations from our full program review in 2011(see Appendix 2 for summary from full program review). This resulted in a decrease of 3 credits to the certificate. SETA 1280 was also reviewed and was determined to be a 2 credit course (not 2.5 credits).

Both practicum courses (SETA 1270 and 1370) were reduced from 3.5 credits to 3 credits. Each practicum now has one seminar at the second week of practicum instead of one a week.

These revisions constitute very little change to the current SETA program. Our faculty have been active members of the Community and School Support (CASS) and implement the outcomes identified by CASS in the revised EDAS program (see Appendix 3). The key objectives for our revision were to:

1. Address repetition across courses by revising three courses and deleting one course.
2. Maintain the quality of the program.
3. Update the name from Special Education Teaching Assistant to Education Assistant to reflect the vernacular in the field.

Program Rationale:

The rationale for this credential has not changed in the past 10 years:

When the SETA program began in 1990, the role of a “teacher assistant” was just that: often viewed as a general helper to the teacher, there to help with *tasks* related to the integrated students. In the last 20+ years, the role has evolved to far more complex role, one in which they are an integral part of the education of all students. They are expected to work with students from

K-12, in all subjects. KPU graduates are part of the school-based team involved in adapting and modifying K-12 curriculum, developing behavioural supports and implementing specific technological, health care, social-emotional, and rehabilitative interventions. Philosophically, the term “special” is outdated in relationship to the role since our graduates work with all students.

Despite an absence of a regulatory body, the trend province-wide is toward adopting the title, “Education Assistant” (EA). The provincial Classroom and School Support subcommittee of the BC Human Service Articulation Committee supports use of the title Education Assistant. Likewise, the provincial committee to examine Standards of Practice for EA’s supports the title, as is evident in the title of the committee. School districts continue to be responsible for ‘naming’ the role for their particular workplace, but there are trends toward changing the name, the most significant of which is Surrey (the largest district) moving from Special Education Assistant” to “Education Assistant.” The Canadian Union of Public Employees (CUPE), the union to which most EA’s belong in this province, also uses the term.

The concern over the possible confusion over the change in the “SETA brand” in the community has been discussed among our committee members. For over two decades the program has enjoyed the pithy and identifiable name that distinguishes it among community stakeholders and the KPU community. It will, undoubtedly, take time to change mindsets around the name. However, the currency of the title is now at issue given the reasons stated above. It should be noted that the SETA Advisory committee also largely supports the name change.

In Spring 2015, KPU President Alan Davis approved the SETA department and program taking on the name of Education Assistant Program (EDAS).

The EDAS department contends that it is time to change the name of the credential we offer to be consistent with current professional practice. We thus propose renaming the credential we offer from “Certificate in Special Education Teacher Assistant” to “Certificate in Education Assistant.” KPU has a reputation in the field as offering one of the most current, thorough training programs in the province, and the name change is the next natural step.

The EDAS Certificate program prepares students for a variety of paraprofessional duties in schools. Special Education Teacher Assistants work in Kindergarten through Grade 12 and assist teachers in providing personal care, behavioural and learning support to students with diverse needs.

Graduates of the SETA program find employment in elementary and secondary schools throughout BC as teacher assistants.

Our Certificate is recognized by all of the school districts in the Lower Mainland.

Board Committee Report: The Board Finance Committee reviewed the Third Quarter Financial Report of Operating Fund Only – Quarter Ending December 31, 2015 at its meeting held on March 23, 2016.

Key Messages:
[maximum of three]

1. Domestic enrolment continues to be lower than expected in the Spring Semester. This pressure along with inflationary increases and foreign exchange are being offset through growth in international enrolments, and strategic university staffing efficiencies. The expectation is that KPU will achieve a small surplus.

2. Revenues:

- AVED and ITA funding are on target as communicated earlier in the year
- Enrolment growth is:
 - Tracking slightly lower than expected for domestic tuition.
 - International tuition is on target with budget.

3. Expenses:

- Salaries and benefits are on target.
- Non-salary expenses are on target.
- KPU is continuing to encourage all faculties and units to tighten controls over non-salary spending and to spend wisely.

--------------------------	--

Recommended Resolution:	THAT the Board of Governors approve the revisions to Bylaw No. 4, <i>Fees</i> as recommended by the Board Finance Committee.
--------------------------------	---

Board Committee Report: At its March 23, 2016 meeting, the Board Finance Committee approved the revisions to Bylaw No. 4, *Fees* for recommendation to the Board.

Context & Background: Bylaw 4 is revised on an annual basis to reflect annual increases and changes to fees.

Key Messages: 1. Domestic tuition has been raised by 2%, the maximum allowed by the provincial government. For information purposes only, International tuition will be raised at the same percentage rate (2 %) as domestic.
[maximum of three]

2. Change of Category 2.a.2 from Special Education Teacher Assistant Program to Education Assistant Program to align with the curricular changes made to the program.

3. Addition of Category 6 under 2. a. for Post Baccalaureate in Technical Apparel Design. This program was introduced in 2014 however was not previously included in Bylaw 4.

4. Addition of Category 7 under 2. a. for Post Baccalaureate program tuition fees commencing September 1, 2016. The decision was to have a range (\$350 - \$850) which the Post-Bac fees would fit within as the type of programming is tailored to meet the public and industry needs.

5. Addition of 2. b. f. Career Choices and Life Success tuition fees.

6. Expanded explanation for Prior Learning Assessment fees under 4. Other Programs.

7. Addition of category 6 for Co-operative Education Work Terms (currently part of 4. Other Programs) to define tuition and other mandatory fees per work term for both Domestic and International students.

Resource Requirements: International Education, Registrar's Office and Financial Services are involved in the development and research of these fees.

Implications / Risks: If Bylaw 4 is not recommended for approval the FY1617 would have to be revised significantly, as the increase in tuition fees has been built into the assumptions in the development of the budget.

--------------------------	--

Recommended Resolution:	THAT the Board of Governors approve the FY 2016/17 University Budget as recommended by the Board Finance Committee.
--------------------------------	--

Board Committee Report: At its meeting held on March 23, 2016, the Board Finance committee approved the FY 2016/17 University Budget for recommendation to the Board of Governors.

Context Regarding the SSCUB recommendations transmitted to the Board of Governors: past practice has been for Management to draft a response to the recommendations on the Board's behalf and submit them to the Finance Committee for review at its May meeting. The Finance Committee Chair has then attended the beginning of the May or June Senate meeting to present the Board's response to the SSCUB recommendations.

Key Messages:
[maximum of three]

- 1. After consultation, Senate considered the proposed budget and allocation plan as presented to be consistent with the Strategic Plan of Kwantlen Polytechnic University (KPU). A balanced budget is submitted for the Committee's consideration.**
- 2. Senate requested that the Senate Standing Committee on the University Budget's (SSCUB) recommendations be transmitted to the Board of Governors. Based on past practice a response from the Board is required.**
- 3. The current year budget includes allocations of approx. \$1.0M for prior year commitments, \$0.7M for non-salary contractual obligations, and, largely through reallocation of funds, \$2.2M for new initiatives.**

Consultations: Administration consulted with the Senate Standing Committee on the University Budget (SSCUB) on four separate occasions and brought a finalized draft of the 2016-17 budget to Senate on March 21, 2016 for consultation. Senate considered the proposed budget and allocation plan as presented to be consistent with the Strategic Plan of Kwantlen Polytechnic University. As such, Senate passed the motion to recommend the Draft 2016-17 Budget to the Board.

SUBJECT: **KPU Draft Fiscal 2016/17 Budget**

Pursuant to relevant sections of the University Act the President must prepare and submit to the board an annual budget in consultation with the appropriate standing committee of the senate.’ [Section 62(2)]

On behalf of the President and Vice Chancellor, we are pleased to submit KPU’s Fiscal Year 2016/17 draft budget and related appendices to the Senate Standing Committee on the University Budget and on his behalf, respectfully ask the committee to assist him in preparing the final version of the university budget that will be presented to the board of governors on March 30th, 2016.

Appendix 1 – Prior Year Approved Budget Allocations added in Fiscal 2016/17

Appendix 2 – Committed Non-Salary Contractual Increases

Appendix 3 – Proposed Budget Requests and Reallocations

Appendix 4 –New Supplementary Fee Allocations

Appendix 5 - FY 15/16 Pro-forma Consolidated Budget

Appendix 6 - FY 2016/17 Pro-forma Budget by Divisional Area

The Finance area has been tracking enrolments as well as expenditures closely this year. Similar to Fiscal 2014/15, Domestic enrolments were down in the fall and have continued the downward trend into the spring semester. International tuition revenue has increased at a rate similar to last year; however this rate may not be sustainable for the continued future.

Looking forward at the budget picture for Fiscal Year 2016/17, the recommendation is that KPU move forward with a very conservative budget. The impact on domestic and international enrolments is subject to a number of unknown factors such as:

1. currency fluctuations;
2. a continuation of prior year changes:
 - a. in admissions process as a result in KPU transitions project.
 - b. to tuition bearing for ESL and ABE.
 - c. in the English requirement.

Below are the factors that have been taken into account for the development of the attached Draft Fiscal Year 2016/17 Consolidated Budget:

Ministry Grant factors:

- o no identified decreases in Operating grant funding;
- o increase in Operating funding to cover Collective Agreements.

Domestic Tuition factors:

- o Fiscal 2015/16 projected actuals as a domestic enrolment base along with a 2% increase in domestic tuition fees.

International Tuition factors:

- o early indicators show that Fiscal Year 2015/16 International enrolment has grown ~10% over Fiscal Year 2014/15 levels; the Fiscal Year 2015/16 budget was based on a 5% increase;
- o continued International enrolment growth at 5% growth along with an increase in international fees of 2% consistent with domestic tuition increase.

Application and Other Fee factors:

- based on an average of domestic and international FTE's;

Expenditure factors:

- university wide increments & benefits;
- non-salary contractual increase 5%;
- non-salary expenses inflationary increases 2%.

An amount of ~\$2.2M has been incorporated to reflect the commitment to fund new programs and initiatives that were identified as priorities by the University community; however, in order to fund these activities over the next fiscal year (Fiscal Year 2016/17) savings of ~\$2.2M need to be achieved through budgetary reallocations.

 Draft Consolidated 2016/17 Budget
 Budget Allocations - Prior Year Approvals
 Appendix 4

This list represents Budget Transfers that are required to support legislated activity or had been approved in prior years. Budget transfers approved in prior years may be outstanding because of recent adopted practices to release incremental budget on a 'demonstrated need' basis. Where divisions are unable to staff approved positions at the beginning of the year prorated amounts would be released in the approved year and then at 100% on an ongoing basis.

MEMORANDUM

TO: SENATE

FROM: Senate Standing Committee on University Budget (SSCUB)

DATE: March 4, 2016

SUBJECT: SSCUB's Recommendations to Senate for Transmittal to the Board of Governors

This report summarizes the discussions at several meetings of the SSCUB from September 18, 2015 until March 4, 2016. Before continuing with the detailed observations and recommendations the committee would like to communicate certain overarching beliefs and recommendations:

1. This year's budget cycle has continued the positive and collaborative process initiated last year and SSCUB looks forward to this continuing;
2. In response to continued fiscal uncertainty in post secondary education, SSCUB recognizes that a strategic approach to budgeting is essential. SSCUB looks forward to working collaboratively with University Administration and the Board towards this end;
3. As the University is in the second year of a planned five-year new budget process, SSCUB recognizes the importance of introducing new revenue streams. SSCUB looks forward to ongoing dialogue about test definitions, formulae, and metrics that will be necessary to inform future budgeting processes.

The remainder of this communication presents SSCUB's observations of the 2016/2017 budget development process with the intent to assist the Board of Governors and the Finance and Audit Committee in their budget approval deliberations.

1) Observation: 2016/2017 Budget Development Process and Consultations

SSCUB is encouraged that the 2016/2017 budget development process continued to be open and transparent. University Administration presented a Financial Update in September 2015 at campus forums. A further update and presentation of the draft FY2016/17 budget occurred in February 2016 followed by presentations at regularly scheduled faculty council meetings, campus forums, and other stakeholder group meetings. For those unable to attend, access to the FY 2016/17 budget information was available on the Financial Services SharePoint site.

Recommendation: SSCUB recommends that KPU continues to enhance the transparency, level of detail and timeliness related to the draft budget development process and consultations with stakeholder groups.

2) Observation: New Budget Model

KPU is now in the second year of its budget model transition. SSCUB appreciates the recognition of ongoing commitments arising from prior year approvals, high priority organizational needs, the commitment to a revenue generating focus and an investment in organizational efficiency and reputation.

SSCUB endorses the use of internally controlled and generated resources as opportunities for reallocation and savings to fund the above priorities.

Update on the Task Force Budget Allocation Sub-Committee Plan

The budget development process timeline identified the current fiscal year as a data gathering year. SSCUB looks forward to ongoing dialogue about test definitions, formulae, and metrics that will be necessary to inform the FY2017/18 shadow budget.

Recommendation: SSCUB recommends that the timelines and tasks established by the Budget Allocation Subcommittee's report and recommendations of 2014 be followed, and that SSCUB receives regular progress updates. SSCUB appreciates that timelines are tight given that all operating divisions are likely to begin the preparation of their FY2017/18 by June 2016.

3) Observation: Balancing the Budget

By legislation, the proposed FY2016/17 budget is balanced with the \$2.2M new allocations coming from \$2.2M of reallocations achieved through additional revenue generating opportunities from various Faculties and savings from vacancies in academic and administrative areas.

SSCUB endorses the inclusion of a contingency in the FY2016/17 operating budget. We recognize that this initial commitment of \$500K is insufficient for the size of the budget. We support this amount with the expectation that the contingency amount gradually, over time, increase to represent 1.5 – 2% of the budget.

SSCUB endorses increasing KPU's investment portfolio through the development of a prosperity fund similar to the new government model with the expectation that the investment returns may be used for operating purposes.

SSCUB strongly supports the continued development of an effective Strategic Enrolment Management (SEM) plan that allows an institution to ensure a regular and balanced flow of incoming students and tuition revenue matched by an equally strong drive to retain and graduate learners.

Recommendation:

SSCUB supports a balanced budget and the inclusion of a contingency. SSCUB recommends that work continue on the development of KPU's Strategic Enrolment Management Plan and that SSCUB be updated on its progress.

4) Observation: FY15/16 and FY16/17 Skills Gap Plan Development Process

The Ministry of Advanced Education (AVED) and Ministry of Jobs, Tourism and Skills Training (JTST)-mandated development of the Skills Gap Plans requires post-secondary institutions to align a percentage of their program FTEs with high demand career areas as represented in the National Occupation Classification's (NOCs) top sixty occupations.

Recommendation: SSCUB recommends that regular updates of KPU's Skills Gap Plans and the ongoing development of enrolment targets and budgetary reporting implications continue to be provided to the University community. SSCUB also recommends that all new program development initiatives consider the Skills Gap Plan.

KPU Draft Fiscal 2016/17 Budget

Moved by Jennifer Au; seconded by Tru Freeman:

THAT Senate endorse the Fiscal Year 2016/17 University Budget and recommend approval to the Board of Governors, and that Senate request SSCUB's recommendations be transmitted to the Board of Governors.

Recommended Resolution:	THAT the Board of Governors approve GV10: Mission, Vision and Values Development Policy and Procedure as recommended by the Board Governance Committee.
--------------------------------	--

Board Committee Report: At its meeting held on February 17, 2016 meeting, the Board Governance Committee approved GV10: Mission, Vision and Values Development Policy and Procedure for recommendation to the Board of Governors.

Context & Background: Kwantlen Polytechnic University (KPU) received its charter from the BC provincial government in 2008, and receives an annual mandate letter from the Government of British Columbia which provides specific expectations for that year. KPU periodically interprets its charter and mandate in the context of its mission, vision and values and through a process of stakeholder engagement so as to align with the changing needs of society, especially in the region it serves, and with the evolution of higher education, the nature of work, and emerging social, economic and cultural issues. The Mission, Vision and Values Development and Amendment Policy and Procedures (GV10) were developed by the President, in consultation with the Board Senate Task Force on Bicameral Governance, as per Section 35.2(6) of the University Act which states:

Section 35.2 (6) (a)

The senate of a special purpose, teaching university must advise the board, and the board must seek advice from the senate, on the development of educational policy for the following matters:

(a) *The mission statement and the educational goals, objectives, strategies and priorities of the special purpose teaching university.*

Key Messages:
[maximum of three]

- 1. This policy will fulfil the Section 35.2(6) of the University Act.**
- 2. The policy and procedure clarifies the process by which the periodic reviews of its charter and mandate are undertaken, to ensure alignment with the changing mandate from the government and the current and future needs of students and communities in the region it serves.**
- 3. There is alignment with the Principles to Guide Bicameral Governance at Kwantlen Polytechnic University.**

Consultations: The Mission, Vision and Values Development and Amendment Policy and Procedures (GV10) were developed by the President, in consultation with the

Board Senate Task Force on Bicameral Governance.

This policy has been through the six-week posting period for University comment and consultation from September 4, 2015 to October 16, 2015.

On January 18, 2016 the Senate Standing Committee on Policy Review endorsed GV10 and recommended it to Senate. GV10 was also endorsed by the Senate Standing Committee on Academic Planning and Priorities on January 15, 2016.

At its January 25, 2016 meeting Senate endorsed and recommended GV10: Mission, Vision and Values Development Policy and Procedures to the Board of Governors for approval.

Mission, Vision and Values Development and Amendment Policy

A. CONTEXT AND PURPOSE

1. Kwantlen Polytechnic University (KPU) received its charter from the BC provincial government in 2008, and receives an annual mandate letter from the Government of British Columbia which provides specific expectations for that year.
2. Each public post-secondary institution periodically interprets its charter and mandate in the context of its mission, vision and values and through a process of stakeholder engagement so as to align with the changing needs of society, especially in the region it serves, and with the evolution of higher education, the nature of work, and emerging social, economic and cultural issues.
3. This policy clarifies the process by which these periodic reviews are undertaken. Normally this would occur about every five years in the context of strategic planning, but other pressures or opportunities may prompt such a review at any time.
4. The University Act, Section 47(1) states that the University mandate from the Government of British Columbia includes the following statutory provisions:

“A special purpose, teaching university must do all of the following:

- (a) ... provide adult basic education, career, technical, trade and academic programs leading to certificates, diplomas and baccalaureate and masters degrees, subject to and in accordance with regulations under section 71 (3) (c) (i);
- (b) ... provide applied and professional programs leading to baccalaureate and masters degrees, subject to and in accordance with regulations under section 71 (3) (c) (ii);
- (c) provide, in addition to post-secondary programs referred to in paragraph (a) or (b), post-secondary programs specified in regulations under section 71 (3) (c) (iii);

- (d) so far as and to the extent that its resources from time to time permit, undertake and maintain applied research and scholarly activities to support the programs of the special purpose, teaching university”.
- 5. Section 35.2(6) of the University Act states that “the senatemust advise the board, and board must seek advice from the senate, on the development of educational policy for the following matters:
 - (e) the mission statement and the educational goals, objectives, strategies and priorities of the special purpose, teaching university”.
- 6. The University Act, Section 62(2), also informs the accomplishment of the University’s mission and the achievement of its vision through the process of setting the annual budget.

B. SCOPE AND LIMITS

- 1. This policy applies to all members of the KPU community – including, but not limited to students, faculty, staff, administrators, Board of Governors’ representatives, and members of the communities we serve who are asked to contribute to the discussion of KPU’s mission, vision and values and to the setting of annual priorities and the University’s budget.

C. STATEMENT OF POLICY PRINCIPLES

- 1. Kwantlen Polytechnic University will periodically undertake a review of its mission, vision and values statements in order to reflect its changing mandate from government and the current and future needs of students and communities in the region it serves.
- 2. Furthermore, within the terms of the mission, vision and values statements in effect, the annual process of setting priorities and establishing the university budget is guided by KPU’s PRINCIPLES TO GUIDE BICAMERAL GOVERNANCE AT KWANTLEN POLYTECHNIC UNIVERSITY.
- 3. This Policy will be reviewed in conjunction with the University’s strategic plan.

Mission, Vision and Values Development and Amendment Procedures

A. DEFINITIONS

1. **Mandate**: “An official order or commission to do something” (Oxford Dictionaries online).
2. **Mission**: A clear statement of KPU’s core purpose: what it strives to achieve, for whom, and how.
3. **Values**: The statement of KPU’s values guides all decision making and activities of the university, both individually and collectively.
4. **Vision**: The vision describes a future for KPU within a specified time frame. It thus sets a direction for the University that informs planning at all levels, and includes explicit strategic goals. Planning is then organized around these goals: the academic plan and resource allocation, as well as plans developed by each faculty and department.

B. PROCEDURES

1. The need for a review of the mission, vision and values can originate from anyone internal or external to KPU through communication to the Board Chair, the Chancellor or the President, along with sufficient documentation that supports the proposal.
2. The request will be shared with the Board and the Senate, and each governance body will use its own processes to determine if the request should or should not be accepted.
3. The Senate will provide advice to the Board on the need for such a review. The Board will consider that advice and instruct the President accordingly.
4. If a review is approved, the President will provide to the Board and to the Senate a detailed plan for undertaking the review, including stakeholder involvement.

5. If a review is not approved, the President will report this to the Senate.
6. Senate will provide advice to the Board on the mission statement and the educational goals, objectives, strategies and priorities of the special purpose, teaching university (University Act Sec 35.2(6)(a)).
7. The annual processes of setting priorities and the university budget that align with the approved Mission, Vision and Values will be undertaken in full consultation with the relevant senate standing committees.
8. The President must prepare and submit to the Board an annual budget in consultation with the appropriate standing committee of the Senate (University Act, Section 62(2)).

Board Committee Report: The Board Governance Committee received the revised Election of Representatives to the University Board and Senate Rules and Regulations at its February 17, 2016 meeting.

Context & Background: Extract from the *University Act*
Part 9 – Nominations, Elections and Voting
Rules for elections
43 (1) The Senate must make and publish all rules necessary and consistent with this Act in respect of nominations, elections and voting. (2) the registrar must conduct all elections that are required.

Key Messages: **KPU's current election rules require amendments in order to:**
1. include current language from the *University Act* and Senate Bylaws,
2. include all current KPU Faculties,
3. update language and clarify ambiguity where necessary to better facilitate consistent application of the election rules, and
4. the effective date of February 1, 2016 will ensure the rules and regulations are up to date for the Spring 2016 election.

Consultations: Proposed revisions were reviewed by the Office of the Registrar elections support staff with consultation and endorsement by the Senate Standing Committee on Governance.

Senate approved the amendments to Election of Representatives to the University Board and Senate Rules and Regulations at its January 25, 2016 meeting.

Students	4	1	Election
Professional Support Staff	2	3	Election
Alumni Member	1	3	Appointed by President on nomination by the alumni association
Board Appointee	1	1	Appointed by the Board (non-voting)

DEFINITIONS

“Professional Support staff” means employees of the University who are not officers of the University, deans, chief librarian or faculty members (from the *University Act*).

“Faculty” means an educational administrative division of a university constituted by the board as a Faculty, or the dean and faculty members of a Faculty, as the context requires (from the *University Act*).

“Officers” of Kwantlen Polytechnic University includes the President, Vice Presidents, Associate Vice Presidents, and the University Secretary.

“Faculty Member” means a person employed by the university as an instructor, lecturer, assistant professor, associate professor, professor or in an equivalent position designated by the Senate (from the *University Act*).

ELECTIONS

The Registrar is responsible for conducting all elections, as specified in the *University Act*. Decisions made by the Registrar concerning the enforcement of the election rules and regulations are final. The election of faculty, professional support staff and student representatives shall normally be scheduled in the spring of each year.

The elections shall be conducted by an on-line ballot.

Candidates shall not be present when eligible voters are voting and shall not provide an electronic device to voters for the purpose of voting.

TERMS OF OFFICE

BOARD

The term of office of faculty and professional support staff representatives on the Board shall be three (3) years, normally commencing on September 1 of the year in which they were elected until a successor is elected or appointed. The term of office of student representatives on the Board shall be one (1) year, commencing on September 1 of the year in which they are elected, terminating August 31.

A faculty member elected to the University Board must have an appointment, consistent with the term of office from the faculty. If an elected faculty member's appointment with the University is terminated for any reason, the position will be declared vacant.

A professional support staff member elected to the University Board must be employed continuously for the entire three (3) year term of office. The term of employment must be for at least ten (10) months each year. If an elected professional support staff member's employment with the University is terminated for any reason, the position will be declared vacant.

A student elected to the University Board must be enrolled in good standing for two (2) out of three (3) semesters: a period consistent with the term of office. Good standing is defined as having no outstanding notations on the student's records related to academic standing, student conduct or arrears that would prevent a student from being enrolled. If an elected student's enrolment is terminated for any reason, the position will be declared vacant.

The appointed members of the board are eligible for reappointment and the elected members are eligible for re-election, but those members must not hold office for more than 6 consecutive years

Unless excused by resolution of the board, a member who does not attend at least half of the regular meetings of the board in any year is deemed to have vacated his or her seat

SENATE

The term of office of faculty and professional support staff representatives on the Senate shall be three (3) years, normally commencing on September 1 of the year in which they were elected until a successor is elected or appointed. The term of office of student representatives on the Senate shall be one (1) year, commencing on September 1 of the year in which they were elected, terminating August 31.

A faculty member elected to the Senate must have an appointment, consistent with the term of office, within an educational administrative division of the University constituted by the board as a Faculty. If an elected faculty member's appointment with the University is terminated for any reason, the position will be declared vacant.

A professional support staff member elected to the Senate must be employed continuously for the entire three (3) year term of office. The term of employment must be for at least ten (10) months each year. If an elected professional support staff member's employment with the University is terminated for any reason, the position will be declared vacant.

A student elected to Senate must be enrolled in good standing for a period consistent with the term of office. Good standing is defined as having no outstanding notations on the student's record related to academic standing or student conduct or fees in arrears that would prevent a student from being enrolled. If an elected student's enrolment is terminated for any reason, the position will be declared vacant.

The seat of any elected member who fails to attend three meetings of Senate between September 1 and August 31 may be declared vacant by the Chair.

- (b) Members of the Executive Council or of the Legislative Assembly,
- (c) A member of the public service in the ministry,
- (d) A member of the public service designated by the minister,
- (e) A person who is an employee of the university and who is a voting member of the executive body of, or an officer of, an academic or non-academic staff association of the university who has the responsibility, or joint responsibility with others, to:
 - (i) Negotiate with the board, on behalf of the academic or non-academic staff association of that university, the terms and conditions of service of members of that association, or
 - (ii) Adjudicate disputes regarding members of the academic or non-academic staff association of that university.

FACULTY

Two (2) faculty members shall be elected from the faculty at large, with all faculty members who have appointments consistent with the term of office entitled to stand for election.

PROFESSIONAL SUPPORT STAFF

One (1) professional support staff representative shall be elected from the membership at large, with all staff members on the voters list being entitled to stand for election.

A professional support staff member elected to the University Board must be employed continuously for the entire three (3) year term of office. The term of employment must be for at least ten (10) months each year. If an elected professional support staff member's employment with the University is terminated for any reason, the position will be declared vacant.

STUDENTS

Two (2) positions shall be elected to represent the membership at large. A student elected to the Board must be enrolled in good standing for a period consistent with the term of office. Good standing is defined as having no outstanding notations on the student's record related to academic standing or student conduct or outstanding fees that would prevent a student from being enrolled. If an elected student's enrolment is terminated for any reason, the position will be declared vacant.

SENATE**FACULTY**

Two (2) faculty members, whose appointment is consistent with the term of office, from each Faculty will be elected by the members of that Faculty. Elections for each representative shall be limited to faculty members in that particular Faculty.

A faculty member whose appointment crosses two (2) or more Faculties may only be nominated to represent one (1) of the Faculties. Faculty members must declare to the Registrar in which Faculty they wish to stand for election and vote.

There are eight Faculties for purposes of these elections:

Faculties

- Faculty of Arts
- Chip & Shannon Wilson School of Design
- Faculty of Business
- Faculty of Academic and Career Advancement
- Faculty of Health
- Faculty of Science and Horticulture
- Faculty of Trades and Technology
- Faculty of Educational Support and Development

PROFESSIONAL SUPPORT STAFF

Two (2) positions shall be elected to represent the membership at large. Any professional support staff member on the voters list may stand for election.

A professional support staff member elected to the Senate must be employed continuously for the entire three (3) year term of office. The term of employment must be for at least ten (10) months each year. If an elected professional support staff member's employment with the University is terminated for any reason, the position will be declared vacant.

STUDENTS

Four (4) positions shall be elected to represent the membership at large. A student elected to Senate must be enrolled in good standing for a period consistent with the term of office and shall not be an employee of the University except where that employment is dependent upon being a student. Good standing is defined as having no outstanding notations on the student's record related to academic standing or student conduct or outstanding fees that would prevent a student from being enrolled. If an elected student's enrolment is terminated for any reason, the position will be declared vacant.

NOMINATIONS

Nomination papers will be available from the Office of the Registrar on all campuses once a call for election has been made. Instructions and deadlines for the receipt of nominations will be made available at the same time. The nomination period is typically two weeks. The close of nominations shall be four weeks prior to the date of the election. Original copies of the nomination must be in the hands of the Registrar on the Surrey campus by the date and time established for the close of nominations. No exceptions will be made.

If only as many candidates are nominated for the senate as are required to be elected, the candidates are declared to have been acclaimed.

The election will be held no less than four weeks after the close of nominations.

A nomination paper is not valid unless it is received by the Office of the Registrar (Surrey Campus) no later than four weeks before the date of the election. .

FACULTY

Each candidate shall be nominated in writing, the nomination to be signed by three (3) persons from that Faculty entitled to vote in the election of the senate and by the nominee indicating a willingness to run for election. Nominations for persons who are not on the voters list or for whom there are not at least three (3) co-signers who are on the voters list will be disallowed.

PROFESSIONAL SUPPORT STAFF

Each candidate shall be nominated in writing, the nomination to be signed by three (3) professional support staff members on the voters list and by the nominee indicating a willingness to run for election. Nominations for persons who are not on the voters list or for whom there are not at least three (3) co-signers who are on the voters list will be disallowed.

STUDENTS

Each candidate shall be nominated in writing, the nomination to be signed by three (3) students on the voters list and by the nominee indicating a willingness to run for election. Nominations for persons who are not on the voters list or for whom there are not at least three (3) co-signers who are on the voters list will be disallowed.

CANDIDATE LISTS

Candidate lists for each election will be posted on-line where applicable no later than three (3) working days following the close of nominations.

CAMPAIGNING

Candidates may campaign from the day the candidate list is posted until the close of polling. All candidates are required to act with honesty and integrity and conduct themselves in a professional and dignified manner in their campaigns. Fair play rules will apply. Campaigning must be done on the individual's own time and the cost of the campaign materials must be borne by the candidate. The Registrar as Chief Returning Officer has the necessary authority to take action as is deemed appropriate.

Candidates shall not be present when eligible voters are voting nor provide an electronic device to voters for the purpose of voting. Candidates are responsible for the removal of all posters and other campaign material immediately following the close of the elections.

COUNTING OF BALLOTS

For on-line elections, the counting of ballots occurs automatically by the system.

In the event of a tie between two or more candidates for an office, the Senate must cast the deciding vote. Random selection will occur in the event of a tie for the Board of Governors election.

DECLARATION OF ELECTION

BOARD

FACULTY

The successful candidate(s) shall be the candidate(s) with the greatest number of votes. If only as many candidates are nominated as are required to be elected, the candidates are declared to have been acclaimed.

PROFESSIONAL SUPPORT STAFF

The successful candidate shall be the candidate with the greatest number of votes. If only as many candidates are nominated as are required to be elected, the candidates are declared to have been acclaimed.

STUDENTS

The successful candidate(s) shall be the candidate(s) with the greatest number of votes. If only as many candidates are nominated as are required to be elected, the candidates are declared to have been acclaimed.

SENATE

FACULTY

The successful candidate for each position shall be the candidate with the greatest number of votes for their Faculty. If only as many candidates are nominated as are required to be elected, the candidates are declared to have been acclaimed.

PROFESSIONAL SUPPORT STAFF

The successful candidate for each position shall be the candidate with the greatest number of votes. If only as many candidates are nominated as are required to be elected, the candidates are declared to have been acclaimed.

STUDENTS

The successful candidate-for each position shall be the candidate with the greatest number of votes. If only as many candidates are nominated as are required to be elected, the candidates are declared to have been acclaimed.

ANNOUNCEMENT OF RESULTS/REPORT OF ELECTION

The names and voting counts for all candidates will be publicized. The results of each election will be posted on-line through *the KPU portal*. The Registrar will report the results of the Board and Senate election(s) at the first meeting of the Board/Senate following the election.

COMPLAINTS/APPEALS

Any complaint or appeal with respect to election procedures or results must be made to the Registrar within 7 days of the announcement of election results. Complaints and appeals will be considered by a three-member Elections committee of the Senate as to what action, if any, should be taken. In addition to the three members from the Senate, the Registrar will be a non-voting member and act as its Chair. Decisions of the Elections Appeal Committee are final and binding.

VACANCIES DURING A TERM OF OFFICE

BOARD

If a vacancy arises on the board before the end of the term of office for which a member has been appointed or elected, the secretary of the board must enter a declaration of the vacancy in the minutes of the board. A declaration is conclusive evidence of the vacancy.

If a vacancy exists in respect of an appointed member, the Lieutenant Governor in Council must appoint a person to fill the vacancy. If a vacancy exists in respect of an elected member, the appropriate body (Faculty, Professional Support Staff or Students) must elect a replacement. A person appointed or elected to fill a vacancy holds office for the remainder of the term for which the person's predecessor was appointed or elected. A vacancy on the board does not impair the authority of the remaining members of the board to act.

SENATE

If a vacancy arises on the senate, the vacancy will be filled, in the case of an appointed member, by the body possessing the power of appointment, or in the case of an elected member, in the manner specified below.

If a vacancy occurs on senate, in the case of an elected member it shall be filled by the candidate who received the most votes among those who were nominated but not elected in the most recent election. In the event the seat was filled by acclamation, the following steps will occur. If the seat is declared vacant between the months of February and September, a by-election will take place in the fall to find a replacement. If the seat is declared vacant between the months of October and January and the remainder of the term is less than one year in length, a regular election will occur in the spring and the outstanding months remaining on the vacant term will be added to term of office for the seat up for election. If all the seats in a given constituency are acclaimed, a random selection from the acclaimed candidates will occur to assign the remaining term of office. If more than one seat is being elected in this grouping, then the candidate who receives the most votes will be awarded the extended term of office. If the remainder of the term is more than one year, a by-election will occur.

The Secretary of the Senate (the Registrar) must enter a declaration of the vacancy in the minutes of the senate. A declaration under subsection 36(6) is conclusive evidence of the vacancy.

A person appointed or elected to fill a vacancy holds office for the remainder of the term for which the person's predecessor was appointed or elected. A vacancy on the senate does not impair the authority of the remaining members of the senate to act.

Board Committee Report: *The Board Governance Committee received and discussed the Skills Gap Plan for 2016/17 at its meeting on March 16, 2016.*

Context & Background: In the Spring of 2014, the Province released the Skills for Jobs Blueprint, which outlined a plan to re-engineer education and training in BC to allocate more provincial funding to programs related to jobs expected to be in high demand in the future. Implementation began with the 2014/15 fiscal year. Each year, each institution submits an updated Skills Gap Plan. The 2016/17 Skills Gap Plan was due to the Ministry by February 12, 2016.

Key Messages: *[maximum of three]*

- 1. The 2016/17 plan will achieve the reallocation amount required by AVED using current KPU programming**
- 2. No new programs are proposed in the plan.**
- 3. No existing programs are being eliminated in the plan.**

Resource Requirements: None

Implications / Risks: None

Consultations: IAP consulted with the President, Provost and Vice President of Finance and Administration in developing the plan. The plan was then presented to SSCUB, SSCAP and Senate.

Skills Gap Plan for 2016/17

In the Spring of 2014, the Province released the Skills for Jobs Blueprint, which outlined a plan to re-engineer education and training in BC to allocate more provincial funding to programs related to jobs expected to be in high demand in the future. Implementation began with the 2014/15 fiscal year. Each year, each institution submits an updated Skills Gap Plan. The 2016/17 Skills Gap Plan is due to the Ministry by February 12, 2016.

Background

In 2013/14, about ten percent of the \$1.8 billion in provincial operating grants provided to post-secondary institutions was targeted to specific programs, primarily in health, medicine, and graduate programs. The intent of the *Skills for Jobs Blueprint* is to reallocate funding gradually so that by 2017/18, 25% of funding is allocated to targeted programs. Note, there is no new funding for this Initiative. Each institution is required to re-allocate a portion of their existing funding toward the targeted areas.

Table 1 shows the amount of baseline targeted funding, and the amount of increase institutions are required to make each year. The table provides a breakdown by type of institution, as well as the specific amounts for KPU. Our baseline was 6.1%, which is slightly higher than the average of 4.9% for all teaching universities, but lower than the average of 10.3% for the system. KPU is expected to increase its allocation toward targeted programs to 21.6% by 2017/18, just above the average for teaching universities of 20.3% and below the average of 25.7% for the system.

Table 1: Distribution of Targeted Funding¹

Institution	Baseline % Target Funded	2014/15 Targeted Funding	2015/16 Targeted Funding	2016/17 Targeted Funding	2017/18 Notional Targeted Funding*	Total Targeted Funding	Final % Targeted Funding

KPU	6.1%	\$1,450,000	\$3,385,000	\$3,034,300	\$1,779,000	\$9,648,300	21.6%

* Amount subject to change by AVED; amounts based on distribution of funding used for 2016/17.

Each institution develops a Skills Gap Plan demonstrating how it plans to adjust its program mix to meet its funding allocation target for the year. There are five categories that institutions can address in their plan: programs related to high opportunity occupations, health programs, institutional priority programs, as well as programs targeted for Aboriginal learners or for persons with disabilities. Program inclusion guidelines are provided in Appendix A. Appendix B provides the list of the high opportunity occupations.

¹ Source: Ministry of Advanced Education, Re-Engineering Operating Grants: Implementation Guide, 2016/17.

Each Skills Gap Plan must identify the specific programs that the institution will target that year, the funding allocated toward these programs and the FTEs that the institution will deliver for each. The plan should also identify program reductions in non-targeted areas that offset the allocations, if applicable. Failure to meet the FTE targets in the plan will mean that the funding allocated to that program will be removed from the institution's grant in subsequent years.

As required by AVED, KPU submitted our Skills Gap Plans for 2014/15 and 2015/16. Table 2 shows the cumulative program targets in KPU's previous plans.

Developing the 2016/17 Plan

To develop the 2016/17 plan, IAP reviewed the high opportunity occupations and identified any occupations relevant to KPU programs. The number of top opportunity occupations that can be targeted in the plan has expanded from 60 to 100 (see Appendix B). These occupations relate to only a limited number of KPU programs, as follows:

- 36 related to business
- 6 related to other KPU programs in Arts, Design and Science
- 1 technology (CADD)
- 24 trades related (ITA funded so not relevant)
- 29 not related to KPU programs
- 4 related to KPU proposed programs not yet approved

Since the purpose of the plan is to identify how we will reallocate AVED funding, trades related programs are not applicable since they are funded by ITA (Industry Training Authority). Most of the relevant occupations are already in our plan. For many of these we can add additional FTE targets to achieve the goal for this year. We also identified some other KPU programs related to these occupations that can be added to our plan.

For programs already in the plan, we reviewed enrolment history and identified where we could increase the FTE target. Where the FTE target was well below the actual FTEs in recent years, IAP recommended an additional FTE target for the program.

For programs not yet in the plan, IAP reviewed enrolment history and recommended an FTE target for the 2016/17 plan.

To determine the amount of funding allocated to the targeted programs, AVED provides a set of funding bands we can use. These vary by type of program and are shown in the plan. Multiplying the funding amount by the FTE target shows the amount of funding allocated to the program. Summing over all programs in the plan gives the total amount allocated toward targeted programs for the year.

Each plan is cumulative and includes the targets allocated in the prior plans. The proposed 2016/17 skills gap plan is presented in Table 3, below. Note, all programs in the plan are current programs offered at KPU. No new programs are proposed, and no existing programs are being cancelled for this plan.

Appendix A: Program Inclusion Guidelines for Skills Gap Plans

Top-opportunity occupations	<ul style="list-style-type: none"> List of 100 high opportunity occupations as per the BC 2024 Labour Market Outlook, as defined by the Ministry of Jobs, Tourism and Skills Training (JTST). These programs are expected to comprise the majority of programs included in institutions' Skills Gap Plans, with the balance coming from the other categories. Trades programs that are delivered using Ministry base-funding (program delivery over and above that funded by the Industry Training Authority [ITA]), and that are identified as high priority occupations within the Top-100 list can be included in this category.
Health human resource programs	<ul style="list-style-type: none"> The top 10 health human resource programs are identified as priorities by the Ministry of Health, through the Health Human Resource Forecast. Institutions remain accountable for maintaining current health program student full-time equivalent targets and will continue to follow the existing approval process for new health programs.
Additional priority programs	<ul style="list-style-type: none"> This section is to be used for programs that do not fall within the Top 100 or Priority Health lists, and instead respond to other government priorities or are proposed based on institutional knowledge of local industry and community needs, and specialized provincial priority needs (e.g., mining, public safety). Institutions will be asked to provide supplemental labour market demand information or other relevant contextual information to support these additional occupations and programs.
Programs targeted for Aboriginal learners	<ul style="list-style-type: none"> Institutions are encouraged to demonstrate a shift to increase programs targeted for Aboriginal learners. First Nations and Aboriginal communities have consistently articulated the need for post-secondary education and training for the broad range of jobs needed to support community capacity and development. These include but are not limited to those occupations identified as in-demand for the province overall.
Programs targeted for persons with disabilities	<ul style="list-style-type: none"> Institutions are encouraged to demonstrate a shift to increase programs targeted for persons with disabilities with training that supports their transition to work.

Appendix B: Top 100 High Opportunity Occupations

The list of the top 100 high opportunity occupations, as per British Columbia 2024 Labour Market Outlook, is provided in the table below. The list includes occupations with skill levels A, B, C and O, which are broadly defined as follows: usually requiring a degree (skill level A); usually requiring a certificate or diploma or apprenticeship training (skill level B); usually requiring high school and/or occupation-specific training (skill level C); and management, usually requiring a degree and/or significant work experience (skill level O). Skill levels are based on Statistics Canada's National Occupational Classification (NOC) system.

Key Messages: **1. The Board Chair and Vice Chair are elected annually at the June Board meeting.**
[maximum of three] **2. They may be re-appointed to a maximum of three years.**
 3. Excerpts from the Board Governance Manual regarding the position of Board Chair (Vice Chair) are set out below.

Submitted by: Keri van Gerven, University Secretary

Date submitted: March 15, 2016

The Board Governance Manual states the following with regard to the position of Board Chair (Vice Chair):

6.1 ELECTION AND TERM

The Board Chair is elected in accordance with section 23.4 of the Board Manual annually by Board Members and may be re-appointed up to a maximum of three years.¹

23.3 ACCOUNTABILITY

The Governance Committee is responsible to lead the Board Chair succession planning process to ensure KPU has a Board Chair succession plan that gives consideration to:

- a) the requirements of the Board Chair Position Description;
- b) the incumbent Board Chair's performance review, tenure and future availability;
- c) KPU's strategy and timelines for leadership renewal; and
- d) the availability of the Board Chair succession candidates.

¹ The Board may, in exceptional circumstances, extend the Board Chair's term beyond three years.

**Board of Governors****Agenda Item:****Meeting Date:****Presenter(s):****Regular Meeting****#6.6****March 30, 2016****Lisa Skakun**

In the event that the Committee is required to lead a Board Chair transition process as outlined below, any members of the Committee who are interested in seeking the Board Chair position shall not participate in any of the Committee's discussions regarding Board Chair transition.

23.4 PROCESS

Individuals elected to Board Chair and Vice Chair typically serve in those roles for two years. However, succession planning is an ongoing process and involves the following elements:

- a) On an annual basis, the Committee reviews the Board Membership to obtain reasonable satisfaction that there are candidates who could serve in the Board Chair and Vice Chair positions.
- b) When recommending new candidates for the appointment to the Board, the Committee considers the need for Board leadership, including the Board Chair and Vice Chair positions.
- c) When consulting with the Board Chair regarding the recommendation of Board Members to serve as Committee members or Committee chairs, the Committee considers the needs of the Board Chair succession planning process.
- d) When the Board Chair (or Vice Chair, as applicable) position becomes vacant (the unplanned succession situation) or is anticipated to become vacant within the following year (the planned succession situation), the Committee leads the transition process as follows:
 - i) The Committee reviews the current Board Membership and identifies potential Board Chair (or Vice Chair, as applicable) candidates, who, in the Committee's view, match the key skills and experience criteria set forth in this section of the Board Manual. While there is no presumption that the current Vice Chair will become the Board Chair, the Committee may consider that the Board Chair assists the Vice Chair in developing the optimal key skills and attributes required of the Board Chair role by identifying shadowing and training opportunities and providing mentorship over the course of the Vice Chair's term.
 - ii) The Committee ascertains from those Board Member(s) identified as potential Board Chair (or Vice Chair, as applicable) candidates their interest and willingness to serve as Board Chair (or Vice Chair, as applicable).
 - iii) Once ascertaining the interest of the potential Board Chair (or Vice Chair, as applicable) candidate(s), the Committee consults with all Board Members and the President to ascertain their support for one or more of the candidates. The Committee Chair has one on one conversations to facilitate the exchange of views and build consensus.
 - iv) In the event there is immediate consensus on one candidate to assume the Board Chair (or Vice Chair, as applicable) position, the Committee will so inform the Board and seek confirmation from the Board as to the election of the new Board Chair (or Vice Chair, as applicable).

--------------------------	--

Recommended Resolution:	THAT the Board of Governors disband the Board / Senate Task Force on Bicameral Governance following confirmation by the Task Force that it has fulfilled its mandate and recommends that it be disbanded.
--------------------------------	--

Board Committee Report: *For University Secretariat Use Only*

Context & Background: The Board / Senate Task Force on Bicameral Governance was established on September 29, 2010 following KPU's transition to a University with a view to build the relationship between the Board and Senate under a system of bi-cameral governance and to increase understanding of the requirements under the *University Act*.

At its May 25, 2015 meeting, the Task Force recognized the significant amount of work done to build and strengthen KPU's bicameral governance practices and processes. Accordingly, the "Principles to Guide the Development of a Successful Model of Bi-cameral Governance at KPU" were revised and retitled, "Principles to Guide Bi-Cameral Governance" for consideration by the Board and Senate. It was further agreed that following approval by both the Board and Senate, the revised Principles would be added to the Senate website, updated in the Board Governance Manual and that the Task Force would formalize its intent to recommend to the Board that it be disbanded.

The Board of Governors approved the amended Principles at its September 23, 2015 meeting and Senate approved the amended Principles at its September 28, 2015 meeting. The Principles to Guide Bicameral Governance are now posted on the Senate website and are being added to the Board Governance Manual which is currently under review.

On February 2, 2016 the Task Force approved a resolution confirming to the Board of Governors and Senate that it has fulfilled its mandate and recommends to the Board of Governors and that Task Force be disbanded.
