Exchange vs Study Abroad

Exchange

Inbound (one or two semesters)

The Student Exchange Program is available for students enrolled at one of our partner universities. Approved exchange students currently enrolled at one of our partner universities receive a tuition fee waiver for their international exchange program and do not pay fees to Swinburne, under the agreed reciprocal exchange arrangement. To come to Swinburne on exchange you need to be nominated by one of Swinburne's partner universities. A list of our partner universities can be found here swinburne.edu.au/partner-universities

Study Abroad

Inbound (one or two semesters)

The Study Abroad Program is available to students enrolled in a university course both at partner and non-partner universities. Students can study at Swinburne for one or two semesters, and choose to undertake 3 or 4 subjects. Students enrolled in a Study Abroad program are charged a Study Abroad Fee for the program

Application Tips

Developing your study plan: You will need to find and select the classes (units) you wish to study as part of your application to Swinburne. You will need to list a possible 8 classes on your application.

Search for subjects: You can search for classes by using our [Single Unit Search](#). You can then select any individual class to get a detailed unit description.

You can also search more broadly through our [areas of study](#).

It is the students' responsibility to make sure that the classes/units chosen will be credited back to their home university.

More information

Flexible Study

International students are required to take a full-time study load for Visa purposes. Students can study 3 classes or 4 classes, across all Swinburne study areas. Students can mix and match classes to suit their needs, as long as they meet the required pre-requisites for the classes.

Health Insurance

All international students on a student visa must have Overseas Student Health Cover (OSHC) as part of Australian visa regulations. This cover provides medical and hospital insurance. You and your dependents must maintain suitable OSHC for the duration of your visa. Swinburne can arrange this Health Cover on student's behalf. For more information see:
<https://www.swinburne.edu.au/study/international/offer/overseas-student-health-cover/>

Accommodation

Unfortunately Swinburne cannot guarantee housing for students on-campus and the Swinburne Abroad office does not arrange housing for students. Students can select to apply for on-campus accommodation or off-campus rooms/houses. Melbourne is a big city with a range of housing options available. From the on-campus Residential College and student apartments, to off-campus rooms and houses – [more information can be found here](#).

Swinburne also has an Accommodation Advisor who can assist to help find contacts, review leases and offer advice to students:
accommodation@swin.edu.au

Academic Transcript

At the end of your studies in Melbourne, Swinburne will mail a transcript directly to your home university or your agent, so that you can have your credits transferred appropriately.
