

PSYCHOLOGY RESEARCH POOL

<http://kwantlen.sona-systems.com>

In order to search for and participate in most research studies, you will need an online account with the Kwantlen Research Pool System (RPS). Using this system, you will be able to sign up for different studies and track your progress easily from the web.

***Remember that the last day to complete studies is on Nov 27th 2023**

What is the Psychology Research Pool?

The Psychology Research Pool is a secure place where confidential information, such as personal details of participants, is kept. Promoting research studies, recruiting participants, recording participation credits and booking research space are the primary tasks of the Psychology Research Pool.

What are the advantages of participating in research studies?

Participating in different research studies can give you valuable, first-hand experience with psychological research, furthering your understanding of the methods of psychology. Through participation, you may meet potential research supervisors, and brainstorm ideas for future research projects. In addition, depending on your instructor, you may be able to earn bonus credits toward your courses.

**Please check your course outline for the deadline as some professors/course instructors may want to receive students' participation records early.*

How do I sign up for an account?

- 1) Visit <http://kwantlen.sona-systems.com>
- 2) Click on “Request Account”

PSYCHOLOGY RESEARCH POOL SYSTEM

User ID

Password

Log In

1) Please use your student ID number as your account user ID

2) KPU student email address ends in [_email.kpu.ca](mailto:email.kpu.ca)
(FirstName.LastName@email.kpu.ca).

3) If you already have an **account from a previous semester**, you can now log in using your student ID number and your old password.
Your username has been changed by the admin. YOU DO NOT NEED TO SIGN UP AGAIN. If you have trouble signing in, please email psychresearchpool@kpu.ca.

4) **Non-KPU Student (Community Participant)** please create a User ID using your Last Name and the last 4 digits of your phone number (Your User ID will only be visible to the researchers of the study you sign up to participate in).

Request Account

Forgot Password?

- 3) Enter the information requested by the online form:

- **User ID**

- Use your **KPU email address as your account user ID**. You do not have to enter the email address domain. For example, Mary Thompson’s KPU email address is mary.thompson12@student.kpu.ca. She should put down “mary.thompson12” as user ID.

- 4) Once you create your account, a password will be emailed to your email account within a minute. You may change your password after you log in.

- If you don’t see this email, check junk mail (spam) filters configured for your email, please configure the filters to accept email from kwantlen-admin@sona-systems.net, as emails from the system will often be sent from that address.
- **If the email is not in junk mail, and you still do not receive it within 30 minutes, please email the administrator at psychresearchpool@kpu.ca.**

- **Course(s)**

- Select one or more courses that you want to accumulate credits for.
- If you are selecting more than one course, hold the ctrl or apple button to select multiple courses.
- Please see FAQ below if your course is not on the drop-down list, or if you are not participating for bonus credits.

Course(s)

PSYC 1100 S51 Martens M/F 19-21:50	
PSYC 1100 CF3 Forster M/W	

FAQ:

-But I already have an account from a previous semester!

If you already have an account, you do not need to sign up for a new one.

Once you log in for the first time this semester, you will have to select the courses you are in again.

If you believe you already have an account, but you are having trouble logging in, please email psychresearchpool@kpu.ca.

- What are some features of the online system?

- Signing up for studies
- Email reminders sent before your study appointment
- Tracking your progress
- Reassigning credit from one course to another

- How do I participate in a study?

Study Information	Approved?	View
[Langley] A study on the effects of music on cognitive task performance (0.5 Credits) Purpose of Research Project: To study whether listening to music while performing a cognitive task will affect performance on the task.	Approved	<ul style="list-style-type: none">• Study Info• Timeslots

Most studies require you to sign up ahead of time. You will be able to view all the available timeslots for a study, and select one that is convenient for you. **For online studies, you still have to sign up from SONA in order to participate for course credits (aka bonus points).**

The latest you can cancel a study is also at 5pm, the day before your scheduled time. Please note that if you have 3 unexcused no-shows for a study appointment, you will no longer be able to participate in any more studies. Depending on the circumstances, your privileges may be reinstated.

If you have participated in a study before, you will not be able to participate in it again. If you are not sure whether this is the case, feel free to contact either of the psychology labs.

Please feel free to contact us if you have any questions or concerns.
