

# Connecting to Kwantlen's Secure Wi-Fi with iPhone

---

- 1) Launch the **Settings** app 
- 2) Tap **Wi-Fi**
- 3) Tap **KPUSecureStudent** or **KPUSecureEmployee**

- 4) **Students:** Enter your student number and PIN.  
**Employees:** Enter your short name (eg. jsmith) and PIN.

- 5) You may be prompted with a certificate. If it is for either **sac-radius-01.kwantlen.ca** or **sac-radius-02.kwantlen.ca**, and was issued by DigiCert, tap accept.

- 6) After a few seconds, a checkmark will appear next to the network you selected. You are now connected to Kwantlen's secure wireless network.
