Subject: Kaltura Video Portal (media.kpu.ca) Migration Update
Date: Friday, May 20, 2022 8:58:05 AM

Dear users of Kaltura video portal (on media.kpu.ca),

We have planned to migrate media.kpu.ca to the cloud on Wednesday, May 25th, 2022. As a result, this website will be unavailable that entire day. This will impact all users who use media.kpu.ca in the following ways:

- Embedded a video via embed link
- Shared a video using the shared link
- Logged in to media.kpu.ca

To ensure a smooth transition, we ask that you do not use the site until the migration is complete.

What will you need to do post-migration?

Links – Following the migration, all existing links that have been [shared](#) or [embedded](#) will need to be updated (please see hyperlinks above for instructions on how to update).

Custom Playlists – Custom playlists will need to be recreated in the new environment. If assistance is required, please contact the [T&L/IT Service Portal](#).

Sincerely,
The Teaching & Learning Commons
