Academic Integrity Badging Tutorial - New Online Location

Subject: Wednesday, November 30, 2022 1:26:00 PM

Date:

Good afternoon,

With courses.kpu.ca shutting down on December 1st, the Academic Integrity badging tutorial will be moving to the Moodle community site located here: <https://community.moodle.kpu.ca/course/view.php?id=343>. Please ensure you have updated any links to the Academic Integrity course to the correct location.

We recommend that you direct your students to the Library's Academic Integrity guide to enroll as this page usually contains the most up to date information on the tutorial and the most up to date links. The guide can be found here: <https://libguides.kpu.ca/academicintegrity/tutorial>

Please note that if a student has started the tutorial but has NOT finished it yet, they will need to redo it in the new site to get the badge once the old Moodle site is shut down. Also note that you can now see student badges in your Moodle course directly through the "User Badges" button. Instructions on where to find this can be found through this link:

<https://kputlcommons.freshdesk.com/support/solutions/articles/43000686220-how-to-view-your-student-s-badges-in-moodle>.

Sincerely,
The Teaching & Learning Commons
