Proposed Goals¹

By 2018:

KPU's Learning Environment. . .

- develops the attributes that KPU graduates need for success and citizenship;
- offers high quality programs, all of which integrate academic and applied learning within and beyond KPU;
- provides access, engagement and support to each motivated student throughout her/his KPU experience.

KPU's Communities. . . .

- prosper through the skills of KPU's graduates, research and scholarship, and increasing economic, social and cultural impact;
- share in the education of KPU students through work-integrated and service learning opportunities and by ensuring program relevance;
- are enriched by KPU's continuing and professional education opportunities.

KPU's Operations . . .

- increase enrolment through expansion, new program development, and higher retention;
- foster employee excellence, commitment, and personal and professional growth;
- use a business model that assures institutional and environmental sustainability;
- integrate planning in an environment of transparency and accountability.

¹ The proposed goals have been distilled using: Mission and Mandate (2009), Vision and Commitments (2011), Creating Our Future (2008), and the Institutional Accountability Plan and Report (annual).
