

REQUEST TO EXTEND TIME LIMIT FOR PROGRAM COMPLETION

(Students should consult with an Academic Advisor)

All requirements for a credential must normally be completed within 10 years, unless noted otherwise in the [University Calendar](#). Courses older than the time limit are normally excluded from a graduation audit in [My Action Plan \(MAP\)](#). However, a time extension, allowing older courses to fulfill requirements, may be approved by the Dean responsible for the program. For more information about time extensions, please refer to [Policy AR 16: Requirements for Graduation](#) and see an [Academic Advisor](#).

A request for a time extension may only be made for the program in which the student is currently enrolled, i.e., the program shown when the student logs-on to MAP (see kpu.ca/myactionplan). If the time extension is intended for a different program, then the student must declare or change into that program before making the request (see kpu.ca/declaration).

All requests must be submitted to an Academic Advisor for forwarding to the appropriate Dean's Office. If approved by the Dean or Associate Dean as academically appropriate, this form will be forwarded to the Graduation Unit of the Office of the Registrar to be applied to the student's MAP audit. Please be advised that the entire process can take up to 4-5 weeks. Any extensions should be completed before a student applies to graduate.
