

2025/26 Fiscal Year End Cut-Off Dates

KPU's year-end is a process which requires all revenue and expenses pertaining to the current fiscal year to be recorded in the University General Ledger by **March 31**. To ensure all transactions applicable to FY25/26 (April 1, 2025 to March 31, 2026) are posted to the correct fiscal year in Banner, please adhere to the following cut-off dates.

Please note: Achieving an accurate cut-off is critical in order to complete the University financial statement audit process. If the below transactions are not submitted by the year-end cut-off deadline, the transactions will be posted in FY26/27, which will draw down from FY26/27 budget. Thank you in advance for your assistance in meeting these deadlines.
