Rationale for why students need to be on campus:

This class starts on October 13, 2020 but will not be coming to campus until January 25, 2021. Per the ITA requirements, Electrical requires practical experience. The program has been frontloaded with 13 weeks of online learning, and week 14 will transition to on campus learning.

These are Foundation students that need to complete 11 weeks of various practical projects performed in the shop/lab environment to gain skills in lay out, assembly, installation, testing, troubleshooting and repairing electrical wiring, fixtures, control devices and equipment.

This will enable the students to meet the require learning outcomes of the program per the ITA and KPU's requirements. Each student will be able to work in a contained setting to maintain physical distancing.

Have you informed the Registrar of the scheduling requirements for this course? Yes/no and when informed?

Yes, the Registrar was informed on September 22, 2020.

PPE requirements for students, faculty, and staff (quantity needed).

Work gloves – students will provide their own

Safety glasses – students will provide their own

Face mask – students will be asked to bring their own however KPU will provide disposable face masks should students not have their own or they require one for any reason. (Students are required to wear non-medical masks in the classroom even if proper social distancing is maintained.)

Has there been consultation with the Faculty OH&S Committee or the instructor? (provide details).

All instructors and responsible leaders have been consulted on the latest Covid-19 procedures and regulations as set out by KPU, WorkSafeBC, and BC's Chief Public Health Officer.

Students must conduct Covid-19 self-assessment prior to arriving on campus and attending class.

Safety Plan for Employees and students:

Employees and students will be following the physical distancing guidelines.

Directional arrows and stanchions are in place to clearly designate pedestrian traffic flow.

The room occupancy has been setup to allow for proper physical distancing guidelines.

If anyone is feeling unwell they are to stay home and monitor their symptoms and seek a medical professional if necessary.

All students / employees are asked to ensure their hands have been disinfected or washed before entering the room.

Students have access to disinfectant spray should they want to disinfect their own stations, tools, and or desks outside of the regular cleaning operations.

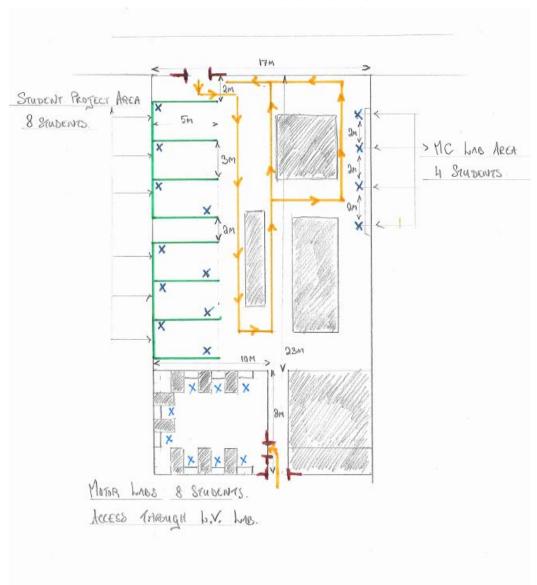

All students and employees will follow the latest COVID precautions, guidance, expectations, and restrictions as set out by KPU, WorkSafeBC, and BC's Chief Public Health Officer. Students and employees must wear a cloth medical or cloth non-medical mask in indoor common spaces on all KPU campuses. This includes but not limited to: classrooms, hallways, corridors, washrooms, lounges, elevators, atria and study areas, the Libraries, and the Bookstore. When you are outdoors on campus, please wear a mask unless you can guarantee that you can stay at least 2m/6ft away from others at all times.

| Have you consulted with Dr. David Florkowski, AVPA before submitting this request? Yes Dr. Florkowski was consulted on October 5, 2020. |
