### Rationale for why students need to be on campus:

To conduct 3 labs that require in-person instruction to ensure proper use, application and safety of equipment, tools and materials. This will ensure that students meet the leaning outcomes and achievement criteria for AHLN 1044.

- Perform a visual inspection/assessment of garden site.
- Identify plant material, keep and transplant desirables and dispose or recycling of undesirables.
- Grading and amending existing soil.
- Placement and planting of plants as per plan, add organic mulch and clean up.

# Have you informed the Registrar of the scheduling requirements for this course? Yes/no and when informed?
