Service Learning Discontinuation Form

When conducting community service learning, the instructor, student and/or the community partner may experience uncertainty because the outcomes of the experience cannot totally be predicted. Managing those moments, and reflecting on them, is part of the Experiential Learning process.

This form acknowledges the current service learning project underway with the following name partners.

Instructor: _____ **Community Partner:** _____

Student: _____

We recognize that clear expectations about the responsibilities of all parties are essential to a successful partnership, but we also realize that unexpected scheduling, workload, and other issues do arise.

At this time, some of those circumstances have arisen in the current project, and this form indicates a discontinuation of the current project. We apologize for any inconvenience, and thank you for the initiative you have showed in taking part, to date.

If you have any questions, please contact the course instructor.
