

Hello and Happy September!

Third Age Learning at Kwantlen (TALK) is proud to announce our courses and other events for fall 2025.
Registration opens Sept. 8.

See our fall brochure at www.kpu.ca/talk.

In fall 2025, TALK will host:

- 7 online courses
- 15 in-person courses
- 4 field trips
- 9 Philosophers' Corners – open to the public
- 2 free events (one open to the public, the other for TALK members)
- ...and many ways to volunteer your time and talents!

TALK membership is still only \$10 per year; our courses are only \$15 or \$20, some are free. We are sure a number of TALK's offerings will appeal to you!

It is easy and safe to register online by clicking on the **Register for Courses** button on our Courses and Registration page. There is a Registration Guide at the bottom of the page to help guide you through the process. If you need assistance, you can email talk@kpu.ca or phone 604 599 3077 and Sharon will return your call.

Please note our **special event** – free and open to the public: **AI and ChatGPT for Seniors**, featuring expert AI professional Dale Jackaman. We are hosting this in partnership with Semiahmoo Seniors Network, Monday Sept. 29 at 1 pm at White Rock Community Centre. Details about this event are included in our fall brochure, but please email semi.seniors@gmail.com to register. (The event shows up on our registration page, but you cannot register for this event there.)

Another special event to look forward to is our **TALK AGM** Monday October 27 at 10 am at KPU's Surrey campus. This is free to TALK members and includes refreshments. Our speaker will be Ted Lee on **Understanding Bitcoin**.

Don't forget our **Philosophers' Corners** in Richmond, Surrey and Langley for fascinating discussions about philosophical issues and current events! See the lineup in our brochure or at www.kpu.ca/talk/philosophers-corner.

TALK really needs volunteers on our Board, our Program Committee and especially on our Marketing Committee. Last year TALK celebrated our 25th anniversary, but we won't last another 25 years unless we get more enthusiastic volunteers! Many hands make light work! See more details and contact info at www.kpu.ca/talk/volunteer.

The **Marketing Committee** would welcome volunteers to help us recruit new TALK members by distributing flyers, posting on social media, putting events in the free sections of local newspapers, extolling TALK's benefits to people at Seniors' Fairs, creating our monthly newsletter, etc.! And if you don't have time or inclination for those types of activities, you can be our best supporter by telling your friends about TALK!

Please **pass this email on** to anyone you think might enjoy lifelong learning with TALK. You can even encourage them by offering to carpool or giving them a **TALK gift certificate**! You can purchase these when you register for TALK courses and other events.

Studies show that the best way to stay young is to be physically active, learn new things and keep your social connections strong. You can do all of those with TALK! We look forward to seeing you soon.
